Page 2: Key Outcomes and Results

**Q8** Total number of clients served through this grant funding:

approx 4000

---

**Q9** Describe the project's key outcomes and results based on the goals and objectives. Use the following format: State the Goal: State Objective 1: Describe the Activities, Results and Outcomes for Objective 1: State Objective 2 (if applicable): Describe the Activities, Results and Outcomes for Objective 2: State Objective 3 (if applicable): Describe the Activities, Results and Outcomes for Objective 3:

We have two main food distribution programs:

Our Weekend Family Food program provides twice monthly deliveries of healthy food to 335 low-income families with pre-school aged children. We deliver to seven (7) preschools within a 15 mile radius.

Volunteers pack bags of donated and purchased food and deliver the bags to the schools. The pre-schools are mostly Head Start locations and income qualification is a part of the families' admission process. We receive written confirmation once a month from the schools that the food has been received by the families.

Daily Bread Café & Pantry

Each week in our Daily Bread Café we provide 350 to 400 lunches and roughly 140 people take home a weekly bag of food from our pantry.

The Daily Bread Café & Pantry is located in our main building, adjacent to our Shelter. The vast majority of our Daily Bread clients are experiencing homelessness. Folks with homes do participate and everyone shows up between 11am and 1pm Tuesday through Friday for a meal and often items to go. Wednesday we provided pantry to about 130 people. They come to the Daily Bread Café and are given a small basket and they peruse shelves with our available food and make their choices. Volunteers are in the pantry area to help maintain quantity limits, so all get some.

---

**Q10** Please describe any challenges/obstacles the organization encountered (if any) in attaining goals & objectives.

Due to not having a full commercial kitchen we are not able to cook anything from a completely raw state. We had to get creative in making meals with proteins that are cooked and reheated thus creating more costly menu items.

---

**Q11** How did you overcome and/or address the challenges and obstacles?

We were able to combat this by being creative and creating menu items that are still full of nutrients and delicious with items that are pre cooked

---

**Q12** Describe any unintended positive outcomes as a result of the efforts supported by this grant.

We were able to get more protein based food.

---

**Q13** Briefly describe the impact this grant has had on the organization and community served.

The number of people we have been able to serve have gone up and the menu is more protein based than carbohydrate.

---

**Q14** Please provide a budget expenditure report of the approved line items. Include a brief narrative on how the funds were used to fulfill grant objectives.

150 canned beans- \$442.76  
1506 of canned meals (beef ravioli, chili, spaghetti sauce) \$1218.66  
548 lbs of beef and pork product \$2594.94  
1287 lbs of turkey and chicken products \$2993.12  
45 dozen eggs \$237.86  
299 gallons of milk \$521.05  
120 lb of cheese \$399.26  
697 oz of peanut butter \$898.53  
10.67 oz of turkey corn dogs \$198.98  
20 lbs of Tamales \$57.60

---

\$9562.76

---

---

Page 4: Success Stories

**Q15** Please relate a success story:

One of our clients who was staying in our shelter and experiencing homelessness began to work in the kitchen and volunteer everyday for community service. Our kitchen manager saw that she was a hard worker and decided to give her a job at CCJ. She still works with us today and can still be seen in the kitchen today!

---

**Q16** Please relate a success story here:

We had a family come in from out of town and was newly homeless. She was very upset and scared. We were able to calm her and her children down by offering a hot lunch and something to drink. They calmed down and we were able to help them find a place to go for the night.
