**2018 S.L. Gimbel Foundation Fund
Holiday Grant Application**

Please provide the following information for items I. through III. by answering all questions in ONE PAGE-12 Font. Please be thorough, clear, specific, and concise.

I. Organization/Agency Background: State your mission, vision, purpose, and provide a brief history. What are your core programs and activities? How many people do you serve? How many paid staff, full time and part-time? How many volunteers?

The mission of Southeast Missouri (SEMO) Food Bank is to end hunger and leverage the power of food to build a healthy community. We envision a community in which everyone has access to sufficient nutritious food. Since 1985, SEMO Food Bank has been serving 16 counties in rural Southeast Missouri with food assistance services. Many of these counties are among the poorest in the state.

Through our programs we serve 63,000 individuals every month. Our Hunger Relief Member Agency Network, Mobile Food Pantry Distributions (Mobiles), Backpacks for Fridays, Benefits Application Assistance, FRESH Program, The Emergency Food Assistance Program, and Commodity Supplemental Food Program are our core programs. SEMO Food Bank has 21 paid staff (17 full-time and 4 part-time) as well as 1,100 volunteers to distribute 10.4 million pounds of food every year.

II. Project Information: Describe your food distribution program. ANSWER ALL QUESTIONS. Explain the community need including demographics, geographic characteristics of the area or community to be served, community conditions and income level. What are the specific activities of the food program?

Situated along the New Madrid Fault Line, experts suggest that Southeast Missouri's many lowlands and flood plains were caused by earthquakes. Surrounded by multiple rivers, this same rich farmland is also prone to major flooding. Flooding causes home desolation, crop loss, and business closures.

Approximately 64% of residents live at or below 130% of the federal poverty level and 74% of children are income eligible for nutrition programs (185% of the poverty level). Among SEMO Food Bank clients, 34% are children under the age of 18. The demographics served by SEMO Food Bank are White (85%), Black (12%), and Latino (1%).

Widespread poverty makes affording food challenging, especially nutritious food. Non-perishables are desperately needed as 11% of clients cannot access refrigerators. Most clients employ multiple strategies to secure enough food, expending great effort to piece together solutions to reduce hunger in their households.

To respond to this need, SEMO Food Bank expands typical pantry hours (9 am-5 pm, Monday - Friday) by offering Mobiles after 5 pm during the work week and on Saturdays. This increases clients' abilities to access food and provide for themselves and their families. Mobiles are held at safe locations and provide a farmer's market-style distribution. At each Mobile, 30 pounds of food is distributed per household.

How do you identify/qualify those in need? How often is the food distribution offered? The majority of Mobiles are held in conjunction with our USDA programs which require incomes of 130% of the poverty level or below. SEMO Food Bank offers 20 Mobiles monthly throughout our 16-county service region.

How many people will be served by the food distribution program (children, youth, adults, seniors)? Please explain how you keep track of number of people served.

Mobiles serve an average of 192 families (614 individuals) per distribution, but can serve up to 300 families (960 individuals). Numbers served are tracked through spreadsheets and a food bank database system, Primarius.

**2018 S.L. Gimbel Foundation Fund
Holiday Grant Application**

III. Project Budget

Please provide a detailed line-item budget for your project by completing the budget form below. **The maximum requested amount is \$15,000** or 25% of your operating budget, whichever is less. You can request for less than \$15,000. You may delineate your line items requests per examples below:

- 85% of total request for the purchase of food items only. (Ex. Total request of \$15,000; 85% is \$12,750 for food)
- 15% of total request for female hygiene products and/or diapers. (Ex. Total request of \$15,000; 15% is \$2,250 for diapers and female hygiene products)
- 100% of total request for the purchase of food items
- Canned tuna will not be funded.

Food items must be delineated (i.e. canned vegetables, soup, pasta, dried beans, rice, etc.). For each food item, indicate the cost per unit (pound, carton, case, etc.) and the quantity. See attached example.

Line Item	Line Item Description	Requested Amount
<i>NSA Diced Tomatos</i>	24/15 oz/ case, \$9.52 /case, 340 cases	\$3,236.80
<i>NSA Cut Green Beans</i>	24/15 oz/ case, \$9.37 /case, 340 cases	\$3,185.80
<i>Dry Pinto Beans</i>	24/16 oz/case, \$12.05 /case, 312 cases	\$3,759.60
<i>NSA Corn</i>	24/15 oz/ case, \$14.17 /case, 340 cases	\$4,817.80
TOTAL:		15,000.00

IV. Administrative Expenses Percentage

This section calculates how much the organization spent for general management, overhead, indirect items as a percentage of the organization's total expenses. The figures are based on your most current 990 form that you submitted, Part IX Statement of Functional Expenses.

Management & general expenses (Column C only)	/Total expenses (Column A)	= Administrative Percentage
\$431,756	\$15,500,902	2.8%

V. Supplemental Documents Checklist: Submit the following as attachments

Dear Taxpayer:

This is in response to your Apr. 29, 2014, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in May 1986.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section 509(a)(2).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

Q8 Total number of clients served through this grant funding:

110

S. L. Gimbel Foundation Fund Holiday Food Grant

Q9 Approximate volume of food purchased with grant funds? (i.e 10 lbs of fresh produce; 1000 boxes; 10 cases, etc)

20,670 pounds of canned vegetables and beans

Page 2: Key Outcomes and Results

Q10 Describe the project's key outcomes and results based on your goals and objectives:

FRESH Project's goal was to increase access to produce for 110 low income seniors (at increased risk for diabetes) to support improved health outcomes. Approximately, 49% of the 110 seniors reporting that a doctor has told them they have Diabetes. Food assistance programs are critical to better managing and preventing diet-related chronic diseases, such as Diabetes. The grant from the Gimbel Foundation was instrumental in empowering seniors to be able to consistently access a nutritious diet. Out of the 110 seniors that participated in FRESH, 27 participated in pre and post A1C health screenings. These 27 seniors had an average reduction in A1Cs by -.4 from pretests in October 2017 before the canned vegetables and beans were delivered to post tests in June 2018.

Q11 Please describe any challenges/obstacles the organization encountered (if any) in attaining stated goals & Objectives.

We did not have any challenges in obtaining goals. Our partnership with the local county health department in Madison County and our resident health intern helps us with health screenings and surveys to demonstrate health outcomes and evaluate our program. One challenge that is always present is obtaining increasing amounts of produce to meet the health recommendation of 50% of diet. The grant from The Community Foundation helped us meet this for seniors in Madison County. Additionally, for 11% of our clients that do not have access to a refrigerator, the canned vegetables and beans were a life saver.

Q12 How did you overcome and/or address the challenges and obstacles?

Southeast Missouri (SEMO) Food Bank is constantly cultivating partnerships with farms and seeking grants to help fund this large expense. One partnership that we were able to procure this year was Southeast Correctional Center. They agreed to expand their 1 acre garden to 7 acres. Through the restorative justice program, inmate learn farm skills by attending agriculture classes and working in the garden to prepare for work upon being released. Produce gleaned from the garden will help support our pantries. However, more produce is needed to meet health recommendations.

Q13 Describe any unintended positive outcomes as a result of the efforts supported by this grant.

Due to the canned goods and not fresh, this enabled us to deliver the produce all at once and helped us save on freight. Clients could pick it up all at once to save on transportation expenses and time. Additionally, clients that do not have access to refrigerators were able to participate.

Q14 Briefly describe the impact this grant has had on your organization.

Providing consistent access to nutritious foods and helping to improve health outcomes puts SEMO Food Bank in a better position to obtain more grants and increase our partnerships. Ultimately, empowering us to serve more, reach more, and feed more clients. We love being able to serve our community better and The Community Foundation helps us accomplish that!

S. L. Gimbel Foundation Fund Holiday Food Grant

Q15 Please provide a brief narrative on how the funds were used to fulfill grant objectives. Support documents (receipts or expense reports) can be emailed to grant-info@thecommunityfoundation.net or faxed to 951-684-1911.

The Community Foundation Strengthening Inland California grant for \$10,000 enabled Southeast Missouri Food Bank to provide 20,670 pounds of canned vegetables and beans to 110 low income seniors, providing consistent access to nutritious foods. Pre and post tests (including health screenings and surveys) and nutrition education were also provided. Providing consistent access to healthy food empowers seniors to better manage diet related chronic diseases. Pre and Post screenings show an average reduction of .4 in A1Cs.

Page 4: Success Stories

Q16 Please relate a success story:

Diet-related chronic diseases, such as Diabetes are reported by 49% of senior citizens in Madison County served by SEMO Food Bank agencies. This is significantly higher than the 45% reported by senior clients in the rest of the Food Bank's service region. The Community Foundation Strengthening Inland California enabled us to provide consistent access to canned vegetables. Approximately, 11% of our clients do not have access to a refrigerator. The inability to refrigerate food and trying to afford the cost of healthy food for seniors on a limited budget - the struggle can be overwhelming. The Community Foundation Strengthening Inland California helps struggling seniors overcome these barriers and empowers them to implement the nutrition education provided to them at our member pantry, Faith Family Worship. Providing seniors with not just nutrition education, but also nutritional food was instrumental in reducing A1Cs by an average of .4.
