Re: The S.L. Gimbel Foundation, a component fund of The Community Foundation
Serving Riverside & San Bernardino Counties.

Grant Period January 1, 2012 – December 31, 2012 Grant #2011821

For Hemet Hospice Volunteers, Inc a Non-Profit Patient Special Needs
Amount:\$25,000.

Contact: Mayzelle Hoyt Rhoten, Executive Director (951) 766-9629

From January 1, 2012 - October 18, 2012

Patient Special Needs: \$65,000.93

The goal of the Hemet Hospice Volunteers, Inc. is to meet the special needs of patients to ensure that necessary quality of life needs of the hospice patients are met to ensure a good death where possible.

This is a needs-based program and is a joint effort among hospice care agency, Hemet Hospice, the hospice patient, and his/her family.

The Hemet Hospice Patient Special Needs program is funded by Hemet Hospice's fundraising activities, grants, and general community donations.

There were 22 patients receiving assistance with their special needs during this time period. It is always a challenge for a non-profit to raise the funds needed to assist end of life patients with their special needs. Your generous donation in the form of the grant made many of the requests received a reality.

When we receive a grant of this size it is very encouraging to the staff that we will be able to obtain our goals and meet our mission in our valley. For this we thank you for all your efforts on our behalf and our community. **Thank you.**

In the summer months of 2012 we paid a \$600 electric bill for a patient who would have gone without their A/C.

A husband was on his way to dialysis and was involved in an accident, needed 24 hours caregiver, patient at end stage and needs coverage 24 hours. \$15,688.75

Able to assist one patient while they were medi-cal pending-\$1,372.40. this kind of assistance to patients helps to relieve the burden of payment from them while they are in end stage of life. Our goal is always to assist families when they need monetary relief if at all possible to assist in softening the pain of losing a loved one.

Paid for Life Alert for a patient, living alone and no family assistance.-\$603

Page 2 The Community Foundation Grant #GIMB-4 2011821 continued

Transportation paid for 3 patients \$705.45

We purchased Stater Brothers cards to assist families with food, and paid for routine hospice care. We try never to turn down a request from a non-profit hospice, and look at each case very carefully in order to be good custodians of our funds.
