# 2015 S.L. GIMBEL FOUNDATION FUND APPLICATION NARRATIVE

## 1. Organization Background: Target Population.

### A. History

The Corona Norco Rescue Mission (CNRM) opened in June 2010 as a subsidiary of the Orange County Rescue Mission. CNRM formerly operated as the "Circle of Hope" emergency homeless shelter with some beds allocated for longer-term stays. Upon becoming a subsidiary program of the Orange County Rescue Mission, the focus purposefully shifted from overnight or emergency shelter to transitional housing, which addresses the root causes of homelessness over a period of time (18 to 24 months). Corona Norco Rescue Mission has a separate 501 (c) (3) exemption and is a program of the Inland Empire Rescue Mission.

### B. Organizational Accomplishments

The Corona Norco Rescue Mission underwent extensive remodeling prior to reopening the shelter to increase functionality of space to serve the needs of clients and improve the appearance of the facility in the community. The redesigned facility now has a 53 bed capacity for transitional housing for homeless men, women and children. Corona Norco Rescue Mission also operates **Hope Family Housing**, a 12-plex supportive housing project at 925 W. 5<sup>th</sup> Street in Corona. Hope Family Housing provides a final phase of transition for homeless individuals or families that are at or below 50% of median income. Supportive services are provided. In 2014, CNRM started **"Restoration Roasters"**, a nonprofit coffee shop enterprise on the campus of Crossroads Christian Church. The coffee shop is operated by Corona Norco's transitional housing residents as part of the vocational training program. Residents have the opportunity to receive training as a barista, gain experience working with the public and in business operations. All of the net proceeds from coffee sales go to support CNRM.

### C. Key Program and Activities

The CNRM transitional housing program provides homeless men, women and children with a structured 18 to 24 month "back-to-work" program. The residents receive meals, shelter, case management, alcohol/addiction recovery services, anger-management education, job readiness and job search activities, parenting instruction and counseling services. Residents are also linked to external social services, as needed. In FY 2013-14, 62 families or individuals received transitional housing services. CNRM also operates a nightly feeding program for unsheltered homeless or low income men, women and children. In FY 2013-2014, 22,800 meals were provided to residents of the program and to the homeless or poor in the community.

## II. Project Information

### A). Statement of Need

The 2013 Point in Time Survey (PIT) of the Homeless identified 2,978 homeless persons in Riverside County; 27% of participants were unsheltered and 13% were children (both sheltered and unsheltered). The 2011 Census Bureau reports that 14% of county residents live below poverty level; many of these households are at risk of becoming homeless should a catastrophic life event occur. Nearly one in four children resided in poverty in 2012, and 62% of children in Riverside County are eligible for the free or reduced lunch program through the Federal Government.

### B). Project Goal

1). The “County of Riverside 10 Year Strategy to End Homelessness” Strategic Report recommends 18 strategies to assist in eliminating homelessness. One of these strategies includes the creation of 75 transitional shelter units (an additional 225 transitional beds) with accompanying case management services. The Strategic Report continues: *“Families need longer periods of residency than the average shelter residency of 90 days in order to establish the resources to obtain and maintain permanent housing.”* CNRM has responded to this need by providing an additional 52 transitional housing beds with supportive services for homeless men, women and children for an 18 to 24 months period (configuration: 14 beds for single men, 16 beds for single women, (2) rooms/10 beds for intact families, (3) rooms/12 beds for single moms).

#### 2). Project Objectives

**Objective 1:** Increase housing stability for homeless populations.

**Activities:** Provide transitional housing for a period of up to 24 months.

**Objective 2:** Increase food sufficiency for homeless and poverty populations.

**Activities:** Provide three nutritious meals daily for residents of the transitional housing program; provide one hot meal daily for non-sheltered homeless or poverty populations.

**Objective 3:** Increase self-sufficiency among homeless residents

**Activities:** Provide case management, life skills (budgeting, parenting) and job training and job search resources for program residents.

**Timeline:** These activities will be implemented over the course of the grant year.

#### 3). Target Population

Funds will be used to purchase food for the homeless residents of the transitional housing program and for the nightly feeding program for homeless and poverty populations.

**Projected age distribution:** Ages 0-6: 11%; Ages 7-17: 8%; Ages 18-24: 7%; Ages 25-39: 50%; Ages 40-64: 22%; Ages 65 and up: 2%.

#### 4). Existing projects and community partners

Lutheran Social Services, located in Riverside, offers transitional housing to women with children; Operation Safe House (youth), Path of Life (emergency shelter and transitional) and other non-profits serving the homeless in Riverside County. Community Partners include: United Way, Lennar Homes, Sam's Club, Home Depot, Church at the Mission-Corona, Crossroads Church, Saddleback Church Corona, Calvary Chapel, First Baptist Church, and TJMax.

### C). Project Outcomes and Evaluations

**Outcome 1: 48 homeless households will be provided with transitional housing.**

**Evaluation:** Staff will track the number of persons entering/exiting the CNRM program.

**Outcome 2: 16,891 meals will be provided (transitional program and nightly feeding program at the cost of \$1.48 per meal).**

**Evaluation:** Staff will track the number of meals served.

**Outcome 3: 35 homeless households will receive case management and wrap around supportive services.**

**Evaluation:** Staff will track resident's use of program services.

**D). Use of Funds:** Funds will be used to purchase food for the transitional housing program and the nightly feeding program for unsheltered and poverty populations.

### III. Project Future

Strategies to maintain fiscal stability include direct mail targeted to Riverside County donors, development of church and corporate partners, grants from Foundations and Corporations, and implementation of services from Plain Joe, a communications and brand development resource. The Orange County Rescue Mission currently provides CNRM assistance with administrative costs (finance, fundraising, human resources) and is committed to ensuring a continuation of services.

### IV. Governance, Executive Leadership and Key Personnel/Staff Qualifications

**CNRM Board of Directors:** The 10 member Board of Directors provides fiscal oversight of the Rescue Mission's various programs, including those located in the Inland Empire.

His core responsibilities include leading a team of 40 employees, championing creative collaboration and solutions and managing a multi-million dollar budget. Prior to PlainJoe, Blake served as an executive for various non-profit organizations overseeing areas of finance, marketing and information technology. Blake is also a teaching Pastor of Church at the Mission Corona and Founder of Restoration Roasters.

Title: Grants Writer

Phone Number: 714-247-4305

Grant Period: Feb. 1, 2014 - Jan. 31, 2015

Award Amount: \$25,000

Grant Number: 20130986

- Describe the project's key outcomes and results based on your goals and objectives. Provide the number of clients served and other relevant statistics.

**Key Outcome 1:** 48 homeless households will be provided with transitional housing.

Results: Occupancy in our transitional housing program during the grant period fluctuated between 60% and 80%, averaging 70% or higher over the last 4 months. Our family rooms are consistently occupied serving homeless children and their parents. The program's retention rate is about 60%.

**Key Outcome 2:** 25,000 meals will be provided (transitional program and nightly feeding program).

Results: On average, 1,900 meals were served monthly, inclusive of the population referenced in the report (clients in our transitional housing program and homeless and extremely low-income persons who come in off of the street for a meal). This translates into 22,800 meals, which is 91% of the projected outcome.

**Key Outcome 3:** 35 homeless households will receive case management and wrap around supportive services (14 single men/16 single women/2 intact families/3 single moms).

Results: 62 families and/or individuals received services through our program.

- What were the challenges and obstacles you encountered (if any) in attaining your goals & objectives? How did you overcome and/or address the challenges and obstacles? What were the lessons learned?

**Challenge:** One of the biggest challenges for the homeless persons entering our program is learned behavior, not wanting to give up habits that contributed to their homelessness. Learned behavior can affect their response to case management, wraparound services, and ultimately how long they stay in the program (affecting outcome 3).

**How We Address It:** Learned behavior, while a significant challenge, is not a new obstacle to the program. The Corona Norco Rescue Mission addresses clients' learned behaviors through recovery initiatives like 'Celebrate Recovery,' anger management education, parenting instruction, counseling, and case management services. Addressing negative learned behaviors helps our clients proactively deal with the root causes of their homelessness and learn new behaviors so they do not fall into old habits.

**Challenge:** One of the other challenges is clients' imagining that a new, breakthrough job is going to come through in the near-term that will solve all their problems. When the job is not immediately forthcoming, or they see too many obstacles between them and their goal, it can affect their progress in

the program or cause their exit (affecting outcomes 1, 2, and 3), deciding that they can better address their issues from the streets or other unstable living situations.

**How We Address It:** We address clients' occasional fixation on a 'cure-all' job by not pushing clients into a job search until they are stable and progressing in the program (9-12 months depending on progress on their 'Individualized Treatment Plan' with their case manager). It is important that negative learned behaviors are addressed to prevent them from affecting the client's employability or personal life. When clients do enter the job search phase, they participate in job readiness workshops, personal presentation mock interviews, and financial education workshops.

- **Describe any unintended positive outcomes as a result of the efforts supported by this grant.**

Connections with staff can lead to entrance into the transitional housing program or even provide the impetus some chronically homeless individuals need to make a change. Due to the transience of the population, unintended positive outcomes are hard to narrow down. The meals served at the nightly feedings keep dozens of Corona's homeless from going hungry or finding more desperate ways of obtaining food. The nightly meals for the homeless community also provide a safe place for these people to simply rest for a few hours.

- **Describe the overall effect this grant has had on your organization.**

The Gimbel Foundation graciously provided our largest grant during FY 2014-2015, which allowed us to continue our core programs and expand into new territories (using other funds). The Gimbel Foundation's grant allowed us to act as a beacon in our community and motivate other community groups to follow suit, such as the Corona Police Department and Veg-Fresh Farms, which are our partners.

Since 2009, the Corona Norco Rescue Mission has provided services to the homeless and extremely low-income persons and families of Corona. In 2014, we also launched a nonprofit coffee shop initiative ('Restoration Roasters') funded by a mix of Indiegogo donors and other generous sources. Through this initiative, our transitional housing clients develop barista skills and interact with the community as part of their program. The Gimbel Foundation's 2014-2015 funded food costs at our core transitional housing and nightly feeding program. Having our core costs funded put us in a stable position to consider the coffee shop initiative and dynamically act on the opportunity.

The Gimbel Foundation grant fulfilled our objectives in the following ways:

- Objective 1. Increase housing stability for homeless populations

**Issue:** Riverside County as a whole struggles with poverty, as well as high unemployment rates throughout the past seven years. There are few shelters in the area and even fewer which accept families, single parents, and individuals. Homelessness can often result in family fragmentation, as some members of a family are able to enter a shelter and others are ineligible.

**What we're doing:** The Corona Norco Rescue Mission is able to shelter and preserve whole families, thanks to generous private donors like the S.L. Gimbel Foundation. Meals are a pillar of any transitional housing program to help individuals and families remain in the program and feel stable.

**Result:** By making meals accessible to 35 families in our transitional housing program, Foundation funds increased homeless persons and families' ability to stay in the program and pursue self-sufficiency.

- Objective 2. Increase food sufficiency for homeless and poverty populations

RE: Grant Agreement 20130635

Dear Ms. Cudiamat,

On behalf of the Board of Directors of the Inland Empire Rescue Mission, I wish to thank the S.L. Gimbel Foundation for the grant of \$25,000 in support of meals for sheltered and unsheltered homeless populations at our Corona-Norco Rescue Mission.

Riverside County, while recovering from the recession, still has 16.2% of its population living at or below 100% of the Federal Poverty Level and nearly 25% of all children live in food insecure households. These individuals and families are at-risk to homelessness, should a catastrophic life event occur, such as illness, loss of job or an eviction.

The Corono-Norco Rescue Mission provides a safe place for individuals and families that are homeless to restore their lives. The Rescue Mission provides case management, job training, counseling, personal development and meets basic needs such as shelter, meals, and health care referrals.

For the chronically homeless in the area, the Rescue Mission offers a nightly hot meal in a warm and friendly environment. Our desire is to not only feed the homeless but to also reach out to those who may choose to enter the transitional housing program.

Again, we are so appreciative of this support. Your generosity will enable us to provide nutritious meals to homeless individuals and families. I have enclosed the signed grant agreement.

Sincerely,

Jim Palmer  
President
