S.L. Gimbel Foundation Fund Holiday Grant Application

Please provide the following information for items I. through III. by answering all questions in ONE PAGE-12 Font. Please be thorough, clear, specific, and concise.

I. Organization/Agency Background: State your mission, vision, purpose, and provide a brief history. What are your core programs and activities? How many people do you serve? How many paid staff, full time and part-time? How many volunteers?

Laguna Food Pantry ("LFP") provides free, fresh, nutritious groceries to families and individuals in need. The organization was established in 1993 to provide relief to victims of local fires and floods, but in the last 10 years, LFP has refined its mission to provide only free groceries. The values of LFP include providing quality food and service while respecting the dignity of all shoppers and volunteers.

The Food Distribution Program is LFP's only program. Shoppers are welcomed into a small retail style setting and invited to choose the foods they prefer, which is more pleasant and reduces waste. The number of unique shoppers visiting each weekday varies from 90-130. Each shopper takes about 50 pounds of grocers, so LFP is distributing over 5,000 pounds of groceries each weekday. The number of unique households served is currently 2,280. The households include over 8,000 people and over 3,000 children.

LFP employs one full-time Executive Director, one part-time Inventory Clerk, and one part-time executive assistant. LFP has 130 dedicated volunteers who perform all other tasks.

II. Project Information: Describe your food distribution program. **ANSWER ALL QUESTIONS.** Explain the community need, including demographics, geographic characteristics of the area or community to be served, community conditions and income level. What are the specific activities of the food program?

LFP offers free groceries every weekday. LFP welcomes shoppers from over 20 cities in Orange County, but the majority are from Lake Forest, Laguna Beach, Santa Ana, Laguna Hills, and Aliso Viejo. While Orange County is a relatively prosperous area, due to the high cost of living there are pockets of extreme poverty. (2019 Orange County Equity Profile report). By providing free groceries, LFP relieves some of the financial pressure facing shoppers.

The total number of households served in fiscal year 2017-18 was 2,613 (7,752 people). In fiscal year 2018-19, the total number of households served was 2,908 (9,341 people). The Laguna Food Pantry served 20% more people in the most recent fiscal year over the prior year and anticipates a similar growth in fiscal year 2019-20.

LFP, as an agent of Second Harvest, rescues about 50,000 pounds of groceries each month from 8 local grocers and supplements the rescued groceries with purchases of fresh produce, milk and other groceries.

How do you identify/qualify those in need? How often is the food distribution offered?

All visitors to the Laguna Food Pantry are welcome to shop for free groceries. LFP staff do not turn anyone away, but shoppers are requested to provide identification, an address, number and demographics of household members. The Food Distribution Program is offered weekdays from 8:00-10:30 am. Shoppers may shop once a week.

How many people will be served by the food distribution program (children, youth, adults, seniors)? Please explain how you keep track of number of people served.

In the current year, the number of unique households shopping per month ranged from 1,769-2,280. Sixty percent have 3 or more in their households, which included 42% of children and 5% seniors. Ten percent of the shoppers are homeless. Numbers and demographics are tracked by software designed specifically for food pantries.

S. L. Gimbel Foundation Fund Holiday Food Grant

Q10 Describe the project's key outcomes and results based on your goals and objectives:

Laguna Food Pantry was able to provide free groceries to 2,276 households, comprised of 6,557 people including 2,545 children. The shoppers included primarily working families, but also the elderly, students, disabled, veterans and the homeless.

Laguna Food Pantry's objectives include providing quality, nutritious food in a welcoming setting to MORE shoppers. The Laguna Food Pantry was able to increase the number of households served with the grant funds. In the prior year 1,640 households were served comprised of 5,384 people. The quality of the food offerings was maintained and included fresh produce, dairy, meat and staples which shoppers are welcome to choose which avoids waste.

Many shoppers report that they work, often more than one job, but struggle due to the cost of living. Laguna Food Pantry strives to provide a little financial relief to these hard working shoppers and those unable to work by providing free groceries once a week. Each shopper takes home about 50 pounds of groceries, enough to make several meals.

Q11 Please describe any challenges/obstacles the organization encountered (if any) in attaining stated goals & Objectives.

The challenges and obstacles included:

- Recruiting and training a dedicated volunteer work force
- The Laguna Food Pantry facility is only 1,200 square feet and must provide enough space to collect thousands of pounds of rescued groceries daily, sort, weigh and stock the groceries, provide storage and serve as a retail style shopping space.
- Finding new and more cost effective sources of nutritious food.

Q12 How did you overcome and/or address the challenges and obstacles?

- A Volunteer Coordinator was recruited from the existing volunteers
- Plans were developed for a small facility expansion
- Relationships with existing food providers were enhanced and new sources found.

Q13 Describe any unintended positive outcomes as a result of the efforts supported by this grant.

The Volunteer Coordinator has exponentially increased not only the number of volunteers, but the dedication and training of the volunteers.

The expansion plans have forced Laguna Food Pantry to explore ways to improve serving the shoppers better.

- New and very cost effective food sources were identified.

Q14 Briefly describe the impact this grant has had on your organization.

Shoppers are delighted to receive free, fresh, quality groceries in a welcoming setting that treats all shoppers and volunteers with dignity. While many of the groceries are rescued, Laguna Food Pantry must purchase large quantities of fresh produce, dairy and some staples to make sure shoppers have a variety of nutritious food choices. The S.L. Gimbel Foundation Fund Holiday Food Program ensured that Laguna Food Pantry was able to purchase needed supplemental food.

S. L. Gimbel Foundation Fund Holiday Food Grant

Q15 Please provide a narrative on how the funds were used to fulfill grant objectives. Explain what was purchased and how funds were utilized based upon the budget that was submitted. Utilize your grant request and explain expenditures that were made. This can be accomplished by inserting a side by side explanation.

Laguna Food Pantry strives to provide shoppers with a well rounded choice of nutritious foods.

Laguna Food Pantry rescues approximately 40,000-50,000 pounds of free groceries from multiple grocery stores each month. The types of rescued groceries received varies dramatically each day. After completing weekly inventories of rescued foods, decisions are made about the types of supplemental groceries needed to be purchased. The prices of food and opportunities to purchase food economically change dramatically from month to month. Laguna Food Pantry attempts to stretch every dollar of grant money as far as possible.

When the original budget was submitted the most pressing needs for purchased groceries were rice, beans, milk and eggs. During the grant period, rice and beans in significant quantities needed to be purchased. Milk and eggs must be purchased weekly, but other staples were in short supply during the grant period so funds intended for milk and eggs were used to purchase peanut butter, cereal and other staples needed most.

Page 4: Success Stories

Q16 Please relate a success story:

Clara

Clara, age 90, is the loving, lifelong caregiver to her daughter, Carmen, age 69 and also Carmen's friend, John, both special needs adults. Clara, Carmen and John live in a mobile home and depend solely on their social security checks. Clara loves to cook. She says about the Pantry's help: "Thanks to the generous quantity of fresh and interesting food I'm able to take home from the Pantry, I don't have to worry about having enough money to pay rent, put gas in my car or most importantly, buy medication for myself, Carmen and John."

Q17 Please relate a success story here:

Vince

The first day Vince volunteered at the Pantry, he was standing in line to shop and noticed a large delivery. He asked if he could help. The team unloading accepted his help and now, five years later, Vince volunteers four or five days a week.

Vince's road to recovery from homelessness to independent living with a job and an apartment has been long and hard. The friendship, support and goodwill he's received from Laguna Food Pantry as a volunteer and shopper have been invaluable to him in his new life.

Q18 Please relate a success story here:

Senel Family

The Senel family is big, blended and very busy! Between them, parents Stacey and Semih have 5 children, ages 6 to 13. Semih is a retired Marine, having served for 6 years, and for the past 12 years he has been in the Army Reserves. Semih is currently training to be an electrician. Stacey is studying accounting and business in addition to driving for Uber. The Senels hope to have their own business some day.

As active as the seven Senels are, meals together around the table are very important to them. Stacey says, "We strive to give our children nutritious, home-cooked food every mealtime. We believe this is essential in creating family stability, a nurturing environment, and some great conversations. We are especially grateful to the Laguna Food Pantry and its helpful volunteers for the free, wholesome food we are able to select there each week and for helping Semih and me accomplish what we work so hard to achieve. Without the Pantry's healthy and generous groceries, it would be much more difficult for us to make ends meet."
