## Holiday Grant Application

**XLII. Organization/Agency Background:** State your mission, vision, purpose, and provide a brief history. What are your core programs and activities? How many people do you serve? How many paid staff, full time and part-time? How many volunteers?

Second Harvest Food Bank of Northwest North Carolina was founded in 1982 and currently touches the lives of over 300,000 people annually, through a network of more than 475 nonprofit partner food assistance programs. Since opening its doors, Second Harvest Food Bank of NWNC has distributed in excess of 315 million pounds of food and grocery products to those in need.

Our mission is to provide essential food assistance through a network of partners, while educating and engaging our communities in the elimination of hunger and its causes. Our Vision: Healthy and Hunger-free Communities.

Our 18-county service area in Northwest North Carolina has the highest increased need for food assistance in the entire state of North Carolina. Since the spring of 2009, our partner agencies across our service area have reported an average increased need for food assistance by their clients of more than 100%. The balance of the state has averaged an increase of about 50%. Chronic and unacceptably high levels of unemployment coupled with significant underemployment are the driving forces in this trend. Most of those recently affected never thought they would ever need assistance to meet basic needs.

Our partner agencies include emergency food pantries, soup kitchens, homeless shelters and congregate feeding sites for children and seniors, as well as others. We have a dedicated Childhood Hunger Department of four, whose focus is getting nutritious food to kids in need through the Backpack Program, Kids Cafe tutoring/feeding programs and special summer breakfast and lunch initiatives. One in three of the people we serve is under the age of 18.

We have 62 full-time employees and two part-time staff. Last year, more than 7500 unique volunteers donated 41,141 hours to our mission.

**II. Project Information:** Describe your food distribution program. Explain the community need including demographics, geographic characteristics of the area or community to be served, community conditions and income level. What are the specific activities of the food program? How do you identify/qualify those in need? How often is the food distribution offered? How many people will be served by the food distribution program (children, youth, adults, seniors)? Please explain how you keep track of number of people served.

In Northwest NC, one in six people, including one in four kids, is food insecure, or unable to know with certainty from where their next meal will come. Summer is one of the hardest times for these neighbors, when free and reduced-price meals at school are not available, and families try to feed their children 3 meals a day with very meager budgets. Most of those served by our partner network are the working poor; family members string together several jobs, but are not paid enough to make ends meet. Often, food is the fall guy, and children do not receive the proper nutrition needed to grow and thrive.

We step up our fundraising efforts before this critical time, so that we are able to "Stock the Shelves for Summer." This successful feeding initiative allows us to provide customized meal boxes filled with nutritious food for families with children. Each box contains enough food for the typical family of four to make 15 meals. The program fills the gap for these families between the last school bell in June and the start of school in late

August. These boxes are distributed to our partner programs beginning in May, in time to be available at the agency level for families needing additional food during the summer.

Last summer, we distributed 20,160 meal boxes to 155 of our partner programs in all 18 of the counties we serve.

This summer, we plan on distributing 22,160 boxes, which will provide approximately 332,400 meals to those in need.

Second Harvest Food Bank tracks which agencies acquire and distribute the meal boxes. Our partner agencies track the number of people served monthly at their programs and report that number back to us.

## S. L. Gimbel Foundation Holiday Food Grant

### **Q10: Describe the project's key outcomes and results based on your goals and objectives:**

The grant request stated that we would purchase 1,000 Family Meal Boxes to supplement our special summer feeding program, "Stock the Shelves for Summer." The cost of each box was \$10.44, instead of the \$10 we anticipated, so we were only able to purchase a total of 958 boxes with this grant funding. However, we re-designed our boxes this year to include healthier items, like whole grain pasta and low-sodium green beans. We believe the extra cost was well worth it, providing a better product for food assistance clients. The S.L. Gimbel Fund money provided approximately 14,370 meals.

This grant, combined with money raised from a challenge grant, provided more than 47,000 Family Meal Boxes this summer, or a total of 710,370 meals for hungry people in our service area.

### **Q11: Please describe any challenges/obstacles the organization encountered (if any) in attaining stated goals & Objectives.**

There were no challenges encountered.

### **Q12: How did you overcome and/or address the challenges and obstacles?**

N/A

### **Q13: Describe any unintended positive outcomes as a result of the efforts supported by this grant.**

N/A

### **Q14: Briefly describe the impact this grant has had on your organization.**

This grant enabled us to purchase an additional 958 Family Meal Boxes for our partner programs to distribute to their hungry clients. Your generosity provided approximately 14,370 meals for the people we serve.

## **PAGE 3: Budget**

### **Q15: Please provide a brief narrative on how the funds were used to fulfill grant objectives. Support documents (receipts or expense reports) can be emailed to [klampert@thecommunityfoundation.net](mailto:klampert@thecommunityfoundation.net) or faxed to 951-684-1911.**

The money was combined with other grant funds to purchase Family Meal Boxes as part of our "Stock the Shelves for Summer" feeding initiative. This specific money purchased 958 boxes, as each was priced \$10.44. The boxes were distributed to Second Harvest Food Bank's partner agencies in early summer. Summer is an especially stressful time for food insecure families, as school breakfast and lunch programs that help them "make ends meet" close until school resumes.

### Q16: Please relate a success story:

From our partners at Clemmons Food Pantry: "We would just like to say thank you for making the additional grant boxes available to our pantries for this summer. It's always a difficult time of the year, and your help will really make a difference. We are also very happy to see the improvement in the selection of items for the meal packs. Increasing the nutritional value of the packs is very much appreciated and a comfort to us to know we are helping our clients to live better."

Dear Sir or Madam:

This letter is in response to your request for a copy of your organization's determination letter. This letter will take the place of the copy you requested.

Our records indicate that a determination letter issued in March 1982, granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) & 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

-2-

Second Harvest Food Bank of Northwest North Carolina, Inc.  
58-1457912

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

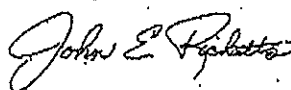

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. You are also required to make available for public inspection a copy of your organization's exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection (up to a maximum of \$10,000 in the case of an annual return).

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

John E. Ricketts  
Director, TE/GE CAS
