#### **NARRATIVE**

#### I. Organization Background; Target Population

Established in 1989, the mission of Valley Youth Theatre (VYT) is to have a positive impact on young people's lives through a wide variety of performing arts opportunities. It is our goal that through these experiences, youth will learn life lessons that will serve them well as adults; that they will discover a lasting interest in and appreciation for the performing arts; and that they will take with them the inspiration to be the very best they can be. We are more than a performing arts organization; we are a safe place where young people learn teamwork, respect, responsibility and strong work ethic. Valley Youth Theatre builds character from characters.

VYT's reputation for providing professional quality performances has earned recognition at the local and national levels. Our numerous awards and accomplishments include being voted "Best Live Theatre" (2012), "Best Theatre Company" (2011) and "Best Children's Theatre" (2011) by the *Arizona Republic*; "Best Place to Take a Bow" (2011) by *Phoenix Magazine*; and being the recipient of nearly 100 National Youth Arts Awards (2006-2014). Additionally, in 2003, we were accepted into Theatre Communications Group, a national organization fostering the growth of nonprofit theatre, of which we are one of only six other theatre companies in the metropolitan Phoenix area to be a member and the only youth theatre.

Nearly 800 children, representing all socio economic backgrounds and communities in the Valley, audition for six mainstage productions per season; nearly 400 participate fee-free as actors, technicians and musicians. We offer performing arts classes, workshops, and camps creating a comprehensive education program covering everything from acting technique and audition preparation to sharpening dance and improvisational skills. Over 400 young people participate in this program each year and we offer scholarships to those children who are in need of financial assistance. Each season we bring 750 disadvantaged children from social service organizations throughout the Valley to attend a performance at the Herberger Theater Center and enjoy lunch with the cast and crew through our Sponsor-A-Seat program. Since 1994, more than 60,000 at-risk, low-income students from inner-city Title 1 schools in Phoenix have participated in our Literacy and the Arts (LTA) program which connects the page-to-the-stage by combining the power of words with the magic of live theatre.

#### II. Project Information

#### A) Statement of Need

The ultimate critical need is the lack of access to learning aids and creative ways to study reading and literacy skills, as well as performing arts, among the at-risk and underserved youth in our communities, due to the absence of funding.

#### B) Project Goal, Objectives and Methodology

**Goal:** The overall goal of the LTA program is to improve the lives of 3600 underserved and atrisk youth by enhancing their enthusiasm for reading; addressing their word association and comprehension skills; offering them an opportunity to experience theatrical instruction; and attend a live culminating VYT production. The goal of the LTA Teaching Artist Supplement (TAS) program is to provide those 3600 LTA students an opportunity to engage with a VYT teaching

artist through theatrical workshops held in the classroom both prior to and after their attendance at the culminating live performance. Project: Through our LTA program VYT's Education Director selects appropriate books which correspond to our season's productions; teachers read and discuss the story in the classroom, in conjunction with a provided study guide, which incorporates a variety of subjects in an effort to integrate the arts into standardsbased classroom curriculum; and students attend a live culminating performance, which reinforces the book they read and study in the classroom. VYT's teaching artist reaches 120 classrooms participating in the LTA program a total of 5 times each throughout the 36 week school year for a total of 600 visits and presents a theatrical workshop with a foundation in literacy enhancement, which is based upon the story corresponding to the VYT production. Community Need: This program is unique in that exposure to live theatre and being given a book, which is theirs to keep, is a first for many of the students who participate in the LTA program; live theatre is an innovative avenue to directly link words with actions (the book with a live theatrical production); and the opportunity to have a teaching artist reinforce the study guide, book and live production experience in the classroom increases our reach into the children's lives and provides arts programming that has been severely diminished, if not eliminated, in the Title 1 schools we reach.

**Objective:** To institute the TAS program as a dynamic complement to our established award winning LTA program which reaches 3600 Title 1 students in the Phoenix and Roosevelt school districts annually.

**Activities:** VYT staff will determine guidelines and action steps for the TAS program including: budget; number of classroom visits; schedule of classroom visits based on production calendar; content being presented in theatrical workshops; and hiring of teaching artist.

#### Timeline:

April 2015 – July 2015 – Determine all programming of the TAS program and hire teaching artist by the end of July 2015.

August 2015 – May 2016 – The LTA program begins with our season opening production in August, and coincides with productions that run every other month through our April production. The schools we currently partner with are not in session in June, so do not attend our final production of the season in June. The TAS program runs in conjunction with the LTA program.

Children in the Roosevelt and Phoenix school districts comprise our target population, which includes 20,000+ economically disadvantaged students, where 80% of students are Hispanic and 14% are African American. On average, 83% of the students in the district's Title 1 elementary schools qualify for free or reduced price lunches. Children served are in grades K-8 and our goal is to reach 3600 students. Additionally, there are a number of adults impacted by this program as teachers or chaperones. LTA is the only program of this kind in the Valley and is hailed as a community resource that has been needed, requested and praised by teachers and students for over 20 years. Through the addition of the TAS program, we will be increasing our reach into the community by directly engaging with all students. Our partnership with the two school districts and annual contributions from corporations, foundations and individuals will allow us to continue to provide and grow this exceptional program.

#### C) Project Outcomes and Evaluation

Through the TAS program students will have the opportunity to link words with actions, enhance their creativity and "thinking outside the box" and build their vocabulary and language skills through new concepts during direct classroom instruction provided by our teaching artists; assisting in the foundation of a well-rounded and socially adaptive student. We will measure our success and program impact through evaluative techniques including written surveys/evaluations from the educators and students and obtaining educator input through meetings with VYT staff. We will gauge the number of students throughout the year to ensure we are reaching the target of 3600 total participants. We have a timeline of completing necessary activities which determine the program design, and through direct correspondence with educators and feedback forms from participants, we will assess the overall effectiveness of the TAS program.

#### D) Use of Grant Funds

Grant funds from the S.L. Gimbel Foundation will go directly to the TAS program expenses, which include teaching artist salary and benefits and workshop supplies.

#### III. Project Future

We will continue the TAS program through direct general operating support, which is garnered through both contributed and earned revenue.

#### IV. Governance, Executive Leadership and Key Personnel/Staff Qualifications

**Board:** Our board is comprised of executive professionals from a number of different corporations. They set goals with the producing artistic director and define objectives by analyzing past, current and anticipated future performance to provide a framework for making key decisions that include resource allocation. They are directly involved with all fundraising efforts. Within our board we have Executive, Finance and Board Development committees. It is our goal to create both a Fund Development and Marketing committee to begin in the 2015-16 season.

Staff: Lauren Antioco, Director of Education, oversees the activities of the LTA program. She is a VYT alumnus who graduated from ASU with a teaching certificate in Theatre Arts and a B.A. in Psychology and Theatre Arts from Iona College in New York. Lauren has been with VYT for 7 years and continues to assist the schools in incorporating the LTA program into their curriculum. Julia Tilley, Director of Development, is a VYT alumnus and nonprofit professional. She holds a BFA in Musical Theatre from The University of Arizona and a MA in Theatre Education from Cal State San Bernardino. Her most recent engagement includes Interim Executive Director of the San Bernardino County Arts Council and Development Assistant for San Bernardino Symphony. She is directly responsible for raising funds to support the LTA and TAS program. Bobb Cooper, Producing Artistic Director, is in his 20th year at VYT. Under his direction and leadership VYT has become a respected, professional-level theatre company where thousands of young people have had the opportunity to experience the magic of live theatre. Bobb has received a number of awards for his work as a director and garnered numerous recognitions for the theatre. Bobb works directly with Lauren and Julia overseeing VYT's efforts to provide our award-winning LTA program and will be instrumental in the launch of the TAS program. A Teaching Artist will be hired by the end of July 2015.

Dear Taxpayer:

This is in response to your May 09, 2012, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in July 1990.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section 509(a)(2).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.
