2014 ANNUAL REPORT

The Community Foundation

Here for Good

Our Vision

A vibrant, generous, and just region – with unlimited opportunities.

Our Mission

Strengthening Inland Southern California through Philanthropy.

We achieve this by:

Raising Assets

We partner with exemplary individuals, families and others who care passionately about improving the community and create permanent charitable funds.

Stewarding Assets

We invest and administer charitable assets based on a set of rigorous national standards.

Distributing Assets

We make grants to nonprofit businesses that are doing important work in health and human services, support to children and families, arts and culture, education – and for civic and environmental benefit.

Community Leadership

We serve as a convener by bringing together key stakeholders to determine community needs; we facilitate the development of collaborative solutions to important community issues; and we act as a catalyst for positive change.

Message from the Board Chair and the President and CEO

Dear Friends,

The evocative quote on the cover by Thoreau encourages our lofty dreams and aspirations, while at the same time instructing us to be grounded.

We are deeply grateful to our donors who made it possible for The Community Foundation to grow to total assets of \$86.5 million in 2014.

And we appreciate and applaud the nonprofit institutions that do incredible work serving the people in our region and beyond. Funds established at The Community Foundation provide financial support for these nonprofits, through the generosity of our donors who support their favorite charitable causes and institutions—many of which operate on modest budgets. This is why we are committed to capacity building efforts by the foundation and by other nonprofit institutions and organizations in our region. Toward this end, in 2014 The Community Foundation provided over \$7 million in grants, of which \$2.8 million was for scholarships and education.

This 2014 Annual Report provides a review and record of the work The Community Foundation is humbled to do alongside our donors and partners—all in the service of community.

Thus, when we think of the promises and challenges of Inland Southern California, we are even more resolved to advance our vision of a vibrant, generous and just region—with unlimited opportunities. With a view to such optimism, we are inspired by words attributed to Sir Winston Churchill: *"Success is not final. Failure is not fatal. It is the courage to continue that counts."*

Highlights from 2014

Our founder, Charles Brouse, a Riverside civic leader and banker, established an endowment in 1941 to benefit needy and worthy students who wanted to attend college. Over the years the Foundation gradually expanded its giving to broader causes—health and human services, youth and families, arts and culture, civic and public benefit, and a wide variety of other philanthropic interests. Our name was changed in 2000 to The Community Foundation, and we expanded to Riverside and San Bernardino Counties.

2014 has been one of unprecedented growth and development, building on Mr. Brouse's original vision of educational opportunities for Riverside youth.

2014 Highlights

- Total Assets of \$86.5 million
- Awarded over \$7 million in grants to 456 nonprofits, of which \$2.8 million was for scholarships and education.
- Secured more than \$15 million in new gifts to the foundation
- Opened 19 new funds
- 426 nonprofits from our two-county region collectively raised \$953,000 in Give BIG San Bernardino County and Give BIG Riverside County
- Secured our third office – in the city of San Bernardino
- Launched three additional Youth Grantmakers programs

Our accomplishments are made possible only through your generous support. Thank you!

Youth Grantmakers

A Program of The Community Foundation

The Community Foundation's Youth Grantmakers program was created to empower youth to address issues important to them by participating in grantmaking, a formal practice of philanthropy. Through this program, our young people become active agents of change, preparing them for responsive community leadership and practical hands-on service.

During the 2014-2015 academic year, Youth Grantmakers across our two-county region strengthened their leadership skills as they participated in philanthropy. They conducted surveys to determine the current concerns and needs of their peers, attended site visits of local nonprofit organizations, listened to nonprofit presentations during their monthly meetings, conducted community service projects and awarded grant funds to nonprofits that address the needs of youth in their community. In the process, students learned to read and analyze a grant application, respectfully debate the most critical needs while learning to listen to others' perspectives and prioritize the many worthwhile requests.

In 2014, the Foundation added three Youth Grantmakers locations to our established program.

Coachella Valley

Targeting students in the Palm Springs Unified School District and Xavier College Preparatory High School, this new addition to the program engaged 15 high school students. These youth grantmakers awarded five grants to local nonprofits: Braille Institute of America, Inc., Friends of the Riverside County Family Justice Center Foundation, GRID Alternatives Inland Empire, Operation SafeHouse—SafeHouse of the Desert, and United Cerebral Palsy of the Inland Empire.

High Desert

Partnering with Career Institute, a Career, Education and Life Planning Company, young adults between the ages of 18-21 who have graduated from their Leadership Connection program have become Young Grantmakers. This new group met at the Apple Valley Chamber of Commerce. Our Young Grantmakers awarded six grants this year: American Red Cross- IE Chapter, Family Assistance Program, Squash4Friends and Women of Noble Character (both from High Desert Community Foundation), UC Regents Cooperative Extension, and Victor Valley College District Foundation.

San Bernardino

18 students from Aquinas, Pacific, San Bernardino, Cajon, and San Geronio High Schools, and Middle College High School, comprise the Youth Grantmakers in San Bernardino. These students awarded eight grants to local nonprofits: American Red Cross-IE Chapter, Bing Wong Elementary School PTO, Burn Institute-IE, Foothill Family Shelter, Inc., Neighborhood Housing Services of the IE, Inc., Operation New Hope, Project Fighting Chance, and Young Visionaries Youth Leadership Academy.

In addition to the three new programs, Idyllwild Youth Grantmakers, which serves middle school children, and Riverside Youth Grantmakers continued in 2014.

Idyllwild

In its third pilot year, middle school students from Idyllwild School continued to impact the youth in their community with their grantmaking to nonprofits in Idyllwild. The 2014-2015 Youth Grantmakers awarded four grants: Friends of San Jacinto Mountain County Parks, Idyllwild Garden Club, Idyllwild School Outdoor Education Booster Club, and Idyllwild Community Center.

Riverside

With representatives from eight high schools in Riverside, 29 Youth Grantmakers made up the Riverside program, now in its fifth year. Since the inception of this program, the Riverside Youth Grantmakers have awarded \$115,000 to deserving nonprofit agencies. This year they made grants to seven nonprofits: Anointed Vessel Productions, Inc., Building Resilient Communities, Childhood Cancer Foundation of So Cal., Inc., Community Health Systems, Inc., My Learning Studio Outreach, Olive Crest, and Women Wonder Writers.

Youth Grantmakers Advisors (from left): Karen Lampert, Program Officer; Celia Cudiamat, Executive Vice President of Programs; Denisha Shackelford, Program Assistant.

We encourage anyone interesting in learning more about how they can volunteer, strengthen and grow our Youth Grantmakers program to contact the Programs Department at 951.241.7777.

A special thank you to Riverside Construction Company, Inc. for their generous gift to establish the Youth Grantmakers Endowment Fund, which with continued growth will ensure that the Youth Grantmakers program will flourish for years to come.

Community Leadership

Give BIG—A Successful Project of The Community Foundation and Our Community Partners

Give BIG is a 24-hour online giving day intended to raise funds and increase capacity and awareness for nonprofits in San Bernardino and Riverside Counties. It stands as an outstanding example of collaboration and community volunteerism and generosity.

On May 8, 2014, 265 nonprofits joined in Give BIG San Bernardino County and collectively raised over \$548,000. And on November 13, 2014, Give BIG Riverside County raised over \$405,000 for 161 nonprofits. Combined, 6,750 people made 9,493 donations, assisting our local nonprofit organizations. Both giving days were generously supported by our community.

Advancing the Field of Philanthropy

While we continue our work in the traditional capacity of community foundations—raising community funds, then stewarding and granting them to nonprofits—our Board and staff are also doing parallel work in advancing the field of philanthropy.

The Foundation Board and staff served on a variety of nonprofit boards locally, regionally and nationally. In just one example, TCF's 2014 Board Chair, James Cuevas, was active in our region, serving on the Government Affairs Committee of the Greater Riverside Chamber of Commerce, California State University, San Bernardino Philanthropic Foundation Board, the Citizen's Bond Oversight Committee for Riverside Community College District, and is a member of the Cultural Heritage Board for the City of Riverside.

Our staff volunteered their personal time to many organizations including KVCR, Stroke Recovery Center (now called the Neuro Vitality Center), the Environmental Education Collaborative, and Riverside's Seizing Our Destiny movements.

Dr. Jonathan Lorenzo Yorba, our President and CEO, represents the community foundation field within California and across the nation. In 2014, he participated in an historic convening at The White House to celebrate the 100-year anniversary of community foundations. Dr. Yorba also addressed the California State Legislature, with other members of the California League of Community Foundations, to educate them about the League.

Capacity Building

The Foundation worked to build the grant development and fundraising capacity of 12 nonprofit organizations serving Western Riverside County through a two-year grant from the Weingart Foundation. The organizations participating in the project were: AXIS Foundation Inc.; Casa Blanca Home of Neighborly Services; Inland Caregivers Resource Center; Inland Congregation United for Change; Kids Rock Free and Museum Foundation; Public Services Law Corporation of the Riverside Bar Association; Riverside Art Museum; Riverside Land Conservancy; Santa Rosa Plateau Foundation, Inc.; Starting Over, Inc.; Turrill Transitional Assistance Program, Inc.; and Michelle's Place, Breast Cancer Resource Center.

We worked with two key partners assisting on this project: Nonprofit Resource Center, a program of 211/Community Connect, Riverside, and LF Leadership, a member of the San Bernardino County Capacity Building Consortium.

The Foundation continued to implement the Grants Development Initiative (GDI) through a contract with the County of San Bernardino. The GDI works to build a centralized grant writing team to support the development of successful grant proposals with nonprofit organizations, and assists nonprofit collaborative partnerships to increase funding and support to the County.

Community Indicators Reports

A valuable and trusted resource, the Community Indicators Report is a vital tool for public, private and nonprofit leaders to improve the quality of life of our residents. The Community Foundation published a report

for both Riverside and San Bernardino Counties. They contain a comprehensive and honest assessment of the Counties' economic and business climate, education, public safety, environment and community life—with multi-year data and essential research highlighting areas of success and opportunity. Both reports are available at www.thecommunityfoundation.net.

The Community Foundation's Grantmaking

Grants are awarded through three primary processes:

Donor Advised Funds: Grants from donor advised funds are made throughout the year on an individual basis as recommended by donors with funds at The Community Foundation.

Restricted Funds and Agency Endowment Funds: Grants from these funds are disbursed throughout the year based on specific requests from the fund holder.

Discretionary Grantmaking Funds: Our Field of Interest Funds and Community Impact Fund comprise our discretionary grantmaking. Grants from these funds are awarded through a competitive process.

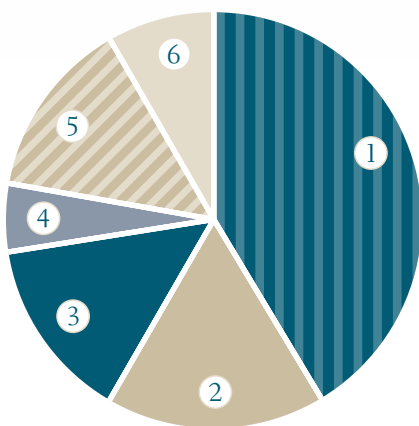

Why Discretionary Funds are Important

When you give to a discretionary fund at The Community Foundation, your gift goes to where it is most needed within our region. Several community-minded people include a gift to our discretionary funds as a part of their annual giving. Many people leave a gift to The Community Foundation in their will or estate plan.

You can contribute cash, securities, retirement accounts, life insurance or other assets.

On the following page is a list of the grants made in 2014 from the Community Impact Fund, thanks to compassionate and generous people like you.

2014 Grants by Program Area

- 1 Scholarships and Education \$2,848,757
- 2 Health and Human Services \$1,181,807
- 3 Civic & Environmental Benefit \$1,000,747
- 4 Arts & Culture \$380,032
- 5 Children & Families \$997,541
- 6 Other \$583,467

To have a confidential discussion about your individually-tailored gift to our Field of Interest Funds or to our Community Impact Fund, or to establish your own fund, please contact Philanthropic Services at 951.241.7777 or info@thecommunityfoundation.net.

How The Community Foundation Awards Discretionary Grants

The Community Foundation accepts competitive grant proposals from nonprofit organizations serving Inland Southern California. The Foundation's Board of Directors' Grants Committee reviews all applications and makes recommendations to the Board of Directors, which approves all grants.

Grants from the Community Impact Fund are typically awarded in the Spring, and grants from the Field of Interest Fund are awarded throughout the year.

For specific dates and more information on grant application procedures, please visit our website: www.thecommunityfoundation.net. The site has our grant guidelines, information about the application process, the grants calendar, and links to the online applications.

Community Impact Fund

In 2014, The Community Foundation awarded \$7.0 million in grants and scholarships. The majority of the grants were from funds with specific purposes such as Field of Interest Funds or Scholarship Funds, or from Designated Funds such as Donor Advised Funds or Restricted Funds.

The Community Impact Fund, in contrast, consists of unrestricted contributions and is used to make competitive grants to eligible nonprofits to meet the most critical needs of the community. The grant proposals are reviewed by the Grants Committee which submits its recommendations to the Board of Directors for approval.

In 2014, the Foundation made grants from the Community Impact Fund totaling \$180,000+ to the following nonprofit businesses in Riverside and San Bernardino Counties.

Anointed Vessel Productions, Inc.

Together We Rise

Headquartered in Chino, Together We Rise was founded in 2008 by college students after one of their classmates discovered that their 9 year-old cousin was living in a car. They wanted to do something but they came across some obstacles because they were all under the age of 21.

After telling others about their vision, the students were inspired to use their ambition to help others and start something wonderful. They started Together We Rise.

There were not many organizations around that helped kids in foster care without becoming a foster parent, and certainly none that would allow students to make a substantial difference. So a movement was created to change the way youth experience foster care.

In this photo, Gianna Dahlia, Executive Director of Together We Rise, explains the contents of the "Sweet Cases" that they provide to foster youth. They contain supplies, such as hygiene kits, pillow pets, blanket, and school supplies, all in their very own duffle bag that has been hand-decorated by a volunteer. Most foster youth are given a trash bag to put all of their possessions in when they move from home to home. Together We Rise wanted to change that experience.

In 2014, The Community Foundation funded Together We Rise's "Sweet Cases" project.

Jurupa Mountains Discovery Center

Discovery Center's Summer Nature Camp program targeting low-income children ages 6-13

Samaritan Counseling Center

Advocacy and support services for families who face challenges with developmental disabilities

Santa Rosa Plateau Foundation

Student transportation and stipend for one science teacher's field work supervision

Stroke Recovery Center (Neuro Vitality Center)

Provides bilingual exercise and mobility therapies five days a week to over 250 clients

Together We Rise

Supplies to assemble "Sweet Cases" to donate to foster youth

Via Shalom

For enriching the Casa Blanca neighborhood in Riverside through an arts project with Mad Street Arts Collaborative

Santa Rosa Plateau Foundation

Formed in 2003 by a group of 13 volunteer Docents, the Santa Rosa Plateau Foundation works to fund education, research, and preservation of the Santa Rosa Plateau Ecological Reserve. The Reserve, which is located at the southern end of the Santa Ana Mountains near Murrieta, protects five distinct habitats, including a swathe of rare bunchgrass prairie habitat that biologists consider one of the best remaining in California. Here visitors can enjoy springtime flower displays of chocolate lilies, California poppies, and thread-leaf brodiaea.

Recognizing the need for education and engagement in these rare habitats, The Santa Rosa Plateau Foundation was created to help sustain the funding for educational programming.

"We all agree we have to save the environment, but we have to integrate it into our children's education," says Ginger Greaves, Executive Director. "So the Foundation has evolved and grown into developing and implementing nature education programs."

The education programs that they offer are surprising in their depth and complexity. The six programs include a Third Grade Outdoor Education, 5th Grade Seed Bank Studies, Middle School Grassland Restoration, and High School Habitat Studies and Restoration. Students don't just visit and explore, however. They engage in ongoing biological studies with working scientists, address real ecological problems, and then formulate and implement their own solutions. "We serve over 8,000 students per year from 10 Southwestern Riverside County school districts," says Greaves. "This is not just a field trip. We are in the business of creating stewards."

In 2014, The Community Foundation awarded the Santa Rosa Plateau Foundation a grant for student transportation and a stipend for one science teacher's field work supervision.

As communities grow and change over the years, the needs of our communities change as well. Having unrestricted dollars available through The Community Impact Fund to respond to changing needs allows the Foundation the opportunity to live our mission of Strengthening Inland Southern California through Philanthropy.

The Community Impact Fund is highly competitive and the Foundation always receives requests that total far more than the Foundation has available to grant. Some donors may find a donation to The Community Impact Fund an attractive option for their giving.

Camp Of Champions A & M, Inc.

Camp of Champions A & M, a Foundation grantee, inspires elementary and middle school children to improve their academics through an inventive sports-based incentive and reward program that is seeing strong results in the Coachella Valley.

Tim Ingram, Director of Camp of Champions A & M, started the program while his sons were attending Elementary School in Desert Hot Springs. An ex-professional hockey and soccer player, Ingram designed a program that gave kids the opportunity to explore a variety of sports, and then required meeting academic goals to attend a follow-up camp. The Sports camp has motivated students to improve school attendance, grades, and academic acumen.

Community Settlement Association

Founded in 1911, Community Settlement Association has been focused on family wellness, education, civic engagement, cultural awareness and strengthening the community in Eastside Riverside for more than 100 years. Their programs are different in nature, such as translations services, a community garden, food and clothes pantry, after-school and summer programs and counseling services, but each program is focused on strengthening the families of Eastside Riverside.

Asset Allocation and Philosophy of Endowed Investments

Making sound strategic decisions on the structure of a portfolio has a profound influence on investment results, which is why The Community Foundation has a diversified portfolio with a long-term horizon. The portfolio is invested in accordance with a core principle of successful investing, which acknowledges that a diversified portfolio across different asset classes should provide a sustainable rate of income while minimizing the volatility that affects all investments to varying degrees. The portfolio is periodically rebalanced to target allocations to maintain portfolio equilibrium, increase value and support donors' spending over the long term.

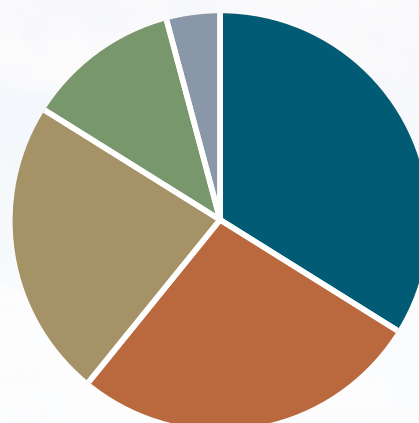

Process and Governance

The Foundation's portfolio is reviewed on an on-going basis by the Investment Committee and the Foundation's independent investment consultants, Wurts & Associates. The Investment Committee and investment consultants review:

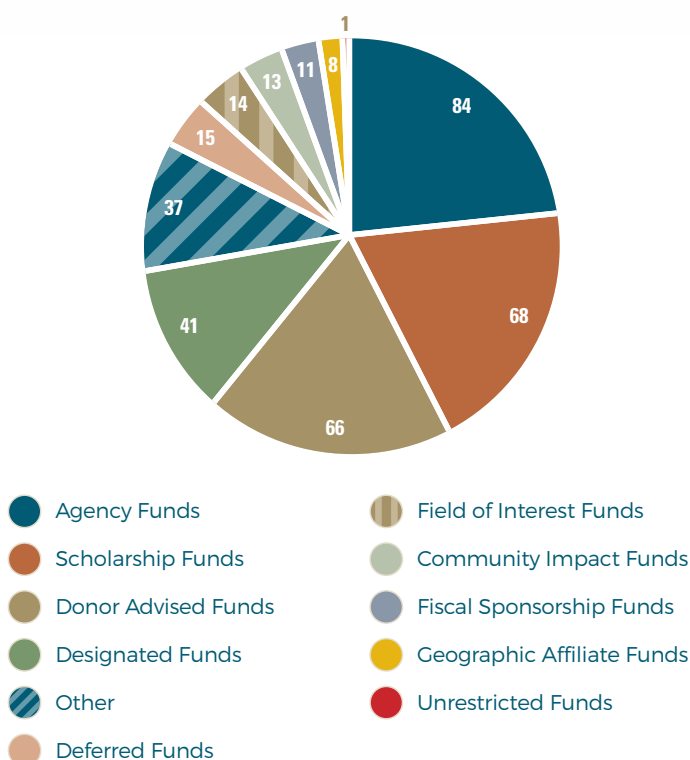

- Strategic Investment Opportunities
- Portfolio Allocations
- Fund Manager Analysis
- Investment Performance
- Manager Searches
- Market Environment
- Capital Market Assumptions

The Investment Committee recognizes that The Community Foundation must avoid focusing on the short term which always plays out randomly and unpredictably. Instead, we look forward over the long term where the Foundation can achieve a reasonable degree of certainty. We will continue to focus on a sound investment policy for the benefit of our donors and will continue to employ best practices as we oversee the Foundation's investments.

Giving to The Community Foundation

You can support your favorite Inland Southern California charitable causes through a gift to The Community Foundation – now or later.

Ways to Give Now

The Community Foundation is able to accept a wide array of assets as contributions to a fund, and because The Community Foundation is a 501(c)(3) public-benefit corporation, donors will receive the most valuable tax benefits available under the law. Ways you can make an outright gift today include:

- Cash
- Charitable Lead Trusts
- Intangible / Intellectual property
- Oil, Gas, and Mineral Interests
- Real Estate
- Remainder Interests in Property
- Securities
- Tangible Personal Property

Ways to Give Later

Including The Community Foundation in your estate plan allows you to leave a legacy for future generations. Even a modest bequest will grow, under our stewardship, into a significant amount over time.

We are also able to accept an array of assets that will benefit The Community Foundation later, using planned giving instruments. We work closely with you and your professional advisor(s) to ensure that all the details are in place so that your charitable intent is fulfilled. Planned Giving vehicles include:

- Bequests in your will or living trust
- Charitable Gift Annuities
- Charitable Remainder Trusts
- Life Insurance
- Retirement Plan Beneficiary Designations

Whether you choose to give now or make strategic plans now to give later, your generous gift will grow each year through the power of an endowment, and will generate grants to the charitable causes or communities you care about the most into perpetuity.

If you would like to make an impact in our community for generations to come, consider a gift to The Community Foundation. We will help you and your advisor(s) design a strategy of giving now or later that fulfills your charitable goals while also addressing your financial, tax and estate planning needs.

Brouse Legacy Donors

The Brouse Legacy Society recognizes individuals and couples who have made provisions in their estate plans to provide a gift to The Community Foundation as a legacy for Inland Southern California.

These gifts may take the form of bequests, naming The Community Foundation in a will or trust, or alternatively, in a charitable remainder trust, along with gifts of life insurance or any other type of planned gift.

Who Should Join the Brouse Legacy Society?

For people who want to create a legacy beyond their lifetime, the Brouse Legacy Society ensures donors that their charitable dollars are used to support the needs of the community in the way they intended – for perpetuity. If you have made arrangements to make a gift to the Foundation, and have informed us, then you are already a valued member of the Brouse Legacy Society.

What are the benefits of membership?

Being a member of the Brouse Legacy Society gives you the opportunity to belong to a select group of like-minded people who are committed to supporting the needs of our communities for this and future generations. You are recognized at special events and in The Community Foundation Annual Report. In addition, if you wish, you and/or your financial counsel can receive the guidance of our professional staff to help you with your gift planning, ensuring that your philanthropy will remain as a meaningful memorial to you and your family.

If you would like more information about the Brouse Legacy Society, or to inform us of a planned gift to the Foundation, please call our Philanthropic Services department at 951.241.7777.

We gratefully acknowledge these donors who have made plans to provide a planned gift in their estate for their generosity, foresight and leadership in creating an enduring legacy for Riverside and San Bernardino County.

The Willmas Charitable Trust Fund

The Willmas Charitable Trust Fund at The Community Foundation, which primarily benefits residents of the High Desert of San Bernardino County, has awarded \$1.65 million in grants to nonprofit agencies during its nine years at the Foundation. The Trustees of the Willmas Charitable Trust Fund are pictured here: (left) Don Schultz, Claudia Schoemann, Msgr. Joseph Brennan, and the fund's financial manager, Silvana D'Anna.

Champions of The Community Foundation

Professional Advisors play a critical role in the success of The Community Foundation. And in the case of one Professional Advisor, The Community Foundation played a critical role in igniting a successful career.

In 1989, as Tami Watson was receiving her A.A. Degree from Riverside Community College, The Community Foundation awarded her a Charles L. Brouse Scholarship, named after the founder of The Community Foundation, so that Tami could pursue her Bachelor's Degree at California State University, San Bernardino.

Today, that same student—now named Tami Sipos—is a CPA and Partner at Gallina, LLP and a Champion of The Community Foundation. In order to receive the distinction of a Champion, a Professional Advisor must either establish an endowment or a fund in their own name or in the name of their family, or refer a client who then establishes an endowment or fund at The Community Foundation.

In mid-December, a client was referred to Tami from the trust department of a bank. Tami had just learned about the Foundation's Professional Advisor Compact which allows the bank to continue managing the client's assets, but allows the use of those assets to open a charitable fund at The Community Foundation.

"This was a perfect fit," said Tami. "The Compact allowed my client to receive a tax deduction in the year of an extraordinary event while allowing him time to choose which charitable organizations he would like to help with his contributions."

Tami Sipos

Married 20 years to Jeff Sipos, school principal at Etiwanda Elementary in San Bernardino

Mother of two boys, ages 13 and 16

First contact with TCF: Charles L. Brouse Scholarship recipient in 1989

First Professional contact with TCF: At the Riverside Estate Planning Council

Will serve as a Board Member of The Community Foundation as of January 1, 2015

Professional Advisors

What is a TCF Professional Advisor?

A TCF Professional Advisor is a bank or trust officer, financial planner, CPA, estate planning attorney, or real estate, tax or insurance professional who discusses charitable giving with their clients. Because of our strong relationships with Professional Advisors, we are able to provide them with current information on The Community Foundation's charitable vehicles; in turn, the Professional Advisors are able to better inform their clients about the benefits and options available.

Many of our Professional Advisors are also Champions. In order to receive the distinction of a Champion, a Professional Advisor must either establish an endowment or a fund in their own name or in the name of their family, or refer a client who then establishes an endowment or fund at The Community Foundation.

Fund Activity

More than 500 individuals, families and agencies have established a fund with us. They choose the name for their fund and its purpose. Some prefer to pool their gifts with other like-minded people to make a larger impact on a shared cause. Some want their giving to take place during their lifetime. Others want their giving to leave a lasting legacy. The following funds, listed by fund type, are held at and stewarded by The Community Foundation.

Agency Funds

The Foundation is committed to providing support to the nonprofit businesses/agencies in the region. One of the ways we do this is by stewarding endowed funds. These funds offer a reliable source of financial support for the organization, earning interest through pooled investments, and benefitting from economies of scale and the expertise and oversight by the Foundation's Investment Committee and fund consultants.

Neuro Vitality Center

TCF Fundholder

Based in Palms Springs, the Neuro Vitality Center (formerly the Stroke Recovery Center) is the only organization of its kind in the nation, serving patients in the Coachella Valley with comprehensive

neurological services for those suffering from stroke, traumatic brain injury, and neurodegenerative disorders such as Parkinson's Disease and Multiple Sclerosis.

Providing services for 37 years, the Neuro Vitality Center witnessed results with their stroke patients and it motivated them to apply the model to a larger group of individuals. Beverly Greer, NVC Chief Executive Officer says, "We saw how well the stroke program restored our members' faculties debilitated during trauma. We see real potential for the program to serve equally well in staving off the degenerative effects of neurological conditions—particularly sessions covering speech therapy, mental health, re-socialization, exercise and nutrition."

According to Beverly, strokes are the fourth largest killer in the United States and the number one cause of adult disability. Survivors undergo treatment and acute rehabilitation in the hospital, but insurance companies only cover 30 to 90 days of rehabilitation. After this, survivors are on their own.

Greer notes that insurance companies feel that rehabilitation beyond this point is rarely successful. But that has not been the experience of the Neuro Vitality Center. The Neuro Vitality Center offers comprehensive care, dealing with the patient as a whole and assisting with physical, mental, socialization needs and rehabilitation. "We also help them with working through their depression and with rebuilding their confidence," says Greer. "We work to give them the tools they need to handle daily activities again."

The Neuro Vitality Center's services are sometimes billed to insurers, but most are provided for free, which means challenges for funding. "We are very lucky to have so many wonderful volunteers," says Greer. "But the challenges don't go away." The Neuro Vitality Center's funding depends on their annual Gala in November, "Evening of Hope", as well as grants, donations, and additional fundraisers. In 2014, The Neuro Vitality Center received a Community Impact Grant from The Community Foundation to provide free exercise and mobility programs.

The Neuro Vitality Center is in the process of building a new therapy and exercise facility. Beverly Greer is excited about the new 3,000 square foot facility that will be able to accommodate many more patients. She hopes that more of the community will not only discover the work The Neuro Vitality Center achieves, but also will help support their work.

"We want people to know that we exist," says Greer. "It doesn't matter if you need our help for a short period of time or a long period of time. Don't lose hope. Just join us."

For more information about The Neuro Vitality Center, visit www.neurovitalitycenter.org or call (760) 323-7676.

Jurupa Mountains Discovery Center

The 82-acre Jurupa Mountains Discovery Center in Jurupa Valley offers the public opportunities to explore and learn about the local landscape and culture.

Founded in 1964 by a group of local philanthropists and scientists, the Jurupa Mountains Discovery Center is probably most recognizable by the giant mammoth sculpture on the hills over the property, off the 60 Freeway. The Discovery Center has more than just mammoth and other dinosaur replicas, however. Most of the public might be surprised to discover what is on the grounds.

The Jurupa Mountains Discovery Center's Earth Science Museum features specimens of rocks, minerals and fossils from around the world, a mining display, fluorescent mineral display, and Crestmore Quarry display. The museum also boasts one of the largest collections of dinosaur eggs, a collection procured from China.

The museum is open to the public, as is the gardens and garden trails. The cactus and succulent garden on grounds is over 50 years old. There is also an iris garden cared for by the Inland Region Iris Society and a biblical garden, featuring plants and trees mentioned in the bible.

In 2014, The Community Foundation funded the Discovery Center's Summer Nature Camp program which was targeted to low income children ages 6-13 and every year, includes a hike to the giant mammoth.

It has been over four years since Matt Webb's wife Katy passed away. Matt and his children, Emily and James, wanted to do something to honor her memory, so in 2014 they opened the Katherine C. Webb Memorial Scholarship Fund at The Community Foundation.

Katy and Matt met at Stanford University, married and started their family in Riverside where Matt worked at his family's business, Albert A. Webb Associates, and Katy worked as Controller of Hunter Engineering Company. Later, Katy stopped working to focus more on her children and to serve in leadership positions with various Riverside nonprofits, including the Riverside County Philharmonic, National Charity League, Junior League, and California Riverside Ballet.

Katy was a devoted supporter of Poly High School Mock Trial team in Riverside, and encouraged both Emily and James to participate on the team. Katy was an ardent supporter of Poly High School, where her two kids, her husband Matt, and both of Matt's parents attended. She believed strongly that, to the extent possible, economic considerations should not limit college choices for young people, and that college kids should not be burdened with overwhelming debt to attend.

With this in mind, Katy's family established the Katherine C. Webb Memorial Scholarship Fund to honor her. The endowed fund will provide annual scholarships to graduates of Poly High School who have financial need and have participated in Mock Trial or other student activities that were important to Katy. The funds are held at The Community Foundation so that scholarships can be awarded in perpetuity. The selection process will be conducted by The Greater Riverside Dollars for Scholars.

"I chose The Community Foundation for a number of reasons," said Matt. "The Community Foundation has a strong and responsible leadership that is committed to doing the right things in support of our region. The endowment is being managed intelligently, striking a good balance between growth and conservatism." The family wanted to ensure Katy's scholarship would last in perpetuity.

When Matt and his children began the fund, they reached out to family and friends and provided an opportunity for them to also honor Katy by donating to the endowed fund. "People were incredibly generous, and our fundraising far exceeded expectations," said Matt. Over time, Matt would like to build the endowment further, mainly through contributions from him and his children, possibly assisted by others who might want to donate. "The \$6,000 a year that we currently give is a small amount considering the large cost of a college education. We would like to do more in the future."

Foundation Scholarships

Alex U., a senior at California Baptist University, received a scholarship from TCF. "As a Hispanic disabled student receiving SSI (Social Supplementary Income), ***it will help me obtain my first bachelor's degree, start contributing to our society and not to rely on the government,***" explained Alex.

Nora N., a mother of five children, is attending College of the Desert full time. The Agatha Baxter Scholarship will allow her "to pay for a month of rent and help pay for some of the expenses of a new computer." Working toward her goal of attending nursing school, ***Nora is "finally seeing my dreams come to fruition."***

Linda M. wants to be a nurse. "I think I have always wanted to become a nurse, but what truly made me realize that nursing is my passion was when my mother was diagnosed with kidney failure. She went to dialysis three times a week for seven years until her recent transplant." ***The Lena T. Pond Scholarship from TCF will help with her nursing expenses at College of the Desert.***

Alberto C., a 21-year-old environmentalist, plans to earn his PhD after his bachelor's degree at California State University, San Bernardino. "At the moment, I am involved in a research lab working with reptiles," says Alberto. "I'm also volunteering in a class of 3rd graders in an afterschool enrichment program. Science books tend to very expensive so ***I greatly appreciate the scholarship, which has enabled me to keep the books to use as a reference later.***"

Robert K., a student at Copper Mountain College in Joshua Tree, was awarded the TCF Pooled Scholarship. "I am honored to have been chosen amongst all the applicants who applied," says Robert. ***"I cannot express my appreciation enough. I feel more confident about myself and this award shows me that you do get back what you put in, and then some."***

Stephanie P., a Norco College student, is getting ready to transfer to University of California, Riverside, and was accepted into the honors program. "The only downfall of this opportunity is that it will not be cheap to do any of it." ***An Agatha J. Baxter Memorial Scholarship from TCF is helping to relieve some of the financial burden.*** "Watching my parents constantly struggle to stretch their dollars for my education has really shaped me into the dedicated student that I am today."

Although their stories are different, these students share the same goal: To make better lives for themselves through education. All faced obstacles that made this dream difficult to achieve. However, through the many scholarships funded at The Community Foundation, people such as Alex, Nora, Linda, Alberto, Robert and Stephanie (above) have gotten the assistance they needed to realize their potential.

In 2014, over \$2.8 million was awarded in scholarships and grant awards to colleges and universities, and for other educational purposes. Each year, The Community Foundation provides scholarship money for every public, accredited two- and four-year college and university in Inland Southern California.

Conversations with the Future

Four prior Chairs of the Board encompass the Founders Forum, and in 2014 they launched Conversations with the Future, a distinguished lecture series.

Dr. Brian Siana, an Assistant Professor of Physics and Astronomy at UC Riverside and our first speaker of the series, spoke on Astronomers' Quest to See the First Stars.

Other speakers included Larry White, a Master Craftsman who worked with Sam Maloof and spoke on the Arts and Crafts Movement through the eyes of a Master Craftsman, and TCF Board Member Rabbi Hillel Cohn, who spoke about his family's experience during the Holocaust in his lecture entitled, "A Name and Some Shoes."

Pictured above is Dr. Brian Siana (left) and Lynn Bogh Baldi, a founding member of the Founders Forum. Other members not pictured are Gloria Macias Harrison, Grover Trask, and Philip M. Savage III.

Looking to the Future

At the end of 2014, The Community Foundation honored James Cuevas, Chair of the Board, for his two years of service leading the Foundation's Board of Directors. Mr. Cuevas continues to serve on the executive committee as Immediate Past Chair.

We are pleased to announce that Philip M. Savage IV will be serving as the new Chair of The Community Foundation's Board of Directors, beginning in 2015.

Mr. Savage has served on The Community Foundation Board since 2009 and has volunteered his expertise on several of the foundation's Board committees such as the audit, finance, and compensation committees. For the last two years he has served as Vice Chair of the Board.

As a lawyer and Shareholder at Gresham Savage, Mr. Savage provides personalized estate planning, estate administration and business succession services for his clients. He assists his clients with the planning and preparation of trusts, and administration of trusts and estates involving complicated estate and gift tax issues. His practice also includes counsel to individuals and charitable organizations on planning and implementing charitable gifts.

In addition to The Community Foundation, Mr. Savage also serves on UC Riverside's Planned Giving Advisory Board; Loma Linda University Children's Hospital Foundation Board; and is a member of Riverside Sunrise Rotary.
