The Molly Adams Foundation,

I would like to send a token of gratitude to the Molly Adams Foundation in regards to a scholarship I have received. My name is Daniel Johnson and I received a scholarship for the fall/spring semester at Crafton Hills College. Being a re-entry student has been a difficult journey; however with hard work and help it has been very rewarding. Receiving this scholarship from your foundation has helped me considerably with this transition in my life, and also has given me some more strength to strive for a better future for myself. Thank you for your help, I am truly grateful.

Sincerely,

Daniel Johnson

I hope to continue with my educational goals and with your help this achievement can be made a little easier.

I really appreciate your faith and support in helping me financially to fulfill my educational goals. The scholarship you have given me is greatly appreciated by me and my family.

Sincerely,

Lynn M. Dorrrough
