where Giving grows

2019 Annual Report

MISSION

We inspire individuals and strengthen our community through philanthropy. We envision building a culture of philanthropy that creates a region that is vibrant, generous and equitable – with unlimited opportunities.

POSITIONING STATEMENT

For over 75 years, the Inland Empire Community Foundation has been bringing together donors, stakeholders and nonprofits and growing philanthropic resources to address our region’s most pressing needs. As a result, we come to the table with in-depth understanding of the IE and our nonprofit sector. Our extensive experience with our generous donors can make a meaningful difference – now and in the future.
IF YOU WANT TO LIFT YOURSELF UP, LIFT UP SOMEONE ELSE

MESSAGE FROM
BOARD CHAIR AND CEO

As we took the time to collect highlights of 2019 and celebrate the work of the Inland Empire Community Foundation over the past year, our community was faced with unimaginable circumstances in the first half of 2020. Looking back on the successes of 2019 for the Inland Empire, we are reminded of the continued support we can give to our community moving forward during these trying times.

With new leadership in place and a strong staff, 2019 was a transformative year for the Inland Empire Community Foundation to become a more visible and effective leader in the community. Even with the past success of the Foundation, the Board knew that we had the ability, potential and need to emerge as a more active and impactful leader to serve the Riverside and San Bernardino Counties.

Throughout the past year, we fostered and established new and existing relationships and partnerships with major internationally known foundations and organizations, and closely collaborated with the state, county and local governments. We continue to build lasting relationships with our donors, higher education institutions and nonprofit organizations in the region. We launched major projects to increase the impact we could make on the community, such as our work with 2020 Census, preparing our vulnerable populations to emergencies, and continuing our work on improving education and the economic future of the region.

As several crises hit the counties in 2020, the Foundation became a focal point to gather resources and allocate them to serve the most at-risk populations in our community. The establishment of the IE COVID-19 Resilience Fund helped raise over $617,000 to support our counties and nonprofits, while also showcasing the importance of the Foundation’s work.

Entering a time where equality for all is of the utmost importance, it is not enough to just write well-written and polite messages, but to lead our community by example. At times, that leadership may entail a deeper conversation and discussion with community members that have a different perspective, but this is how we progress and evolve to be a better community. IECF is a very different organization from just a year ago and we will strive to continue to be more active and be part of the solutions needed.

Thank you for your support of the Foundation as we ask you to help make this organization even more impactful and in turn continue to help our communities more effectively.
At Inland Empire Community Foundation, we are leading impactful change in the region with our donors every day. Through the generosity of our fundholders and their passion for helping others, IECF has funded such programs from building nonprofit capacity and expanding access to arts programs to preparing students for college success and housing low-income residents.

GROWING LEADERSHIP

IECF is uniquely positioned to lead and collaborate on the community’s most pressing needs, and can be counted on for mobilizing support and philanthropic resources when it matters the most. In addition to our core roles of raising, stewarding and distributing funds, IECF plays an important role in community leadership - including supporting and contributing to the work of these initiatives and programs of the Foundation in 2019:

2020 Census: Ensuring the IE Counts

When the CA Census Office launched a statewide effort to ensure a complete count of Californians in the 2020 Census, they tapped the Inland Empire Community Foundation for help in a vast region with communities that have been traditionally hard to count. Designated by the Census Office as an Administrative Community Based Organization (ACBO), IECF was selected for Region 7, which is all of Riverside and San Bernardino Counties.

With $2.4 million in state funding, IECF went to work quickly by forming Census IE. Census IE is a broad coalition of community-based organizations with deep roots in under-served areas in six regions to raise awareness about the Census and filling out the forms. Through Census IE, IECF awarded grants to community-based organizations (CBOs) for Census awareness and outreach activities. And our partners provided administrative and technical assistance to empower CBOs and trusted messengers in their outreach.

Additionally, IECF managed the Census 2020 Pooling Fund to support community-based education, outreach activities and pledge card drives. The Pooled Fund was developed by the Inland Empire Funders Alliance to leverage state funding and provide flexible dollars to nonprofits. Learn more at censusie.org.

AWARDED A TOTAL OF $2.4 MILLION IN SUB CONTRACTS AND GRANTS TO 45 ORGS

for Census 2020 education and outreach to conduct canvassing, pledge card drives, and in-language assistance.

Listos California: Keeping Vulnerable Communities Safe

Wildfires, earthquakes and natural disasters are all too common in the state of California. Another known fact is when disasters strike it is often vulnerable and diverse populations who are most at risk. To reverse that, the Governor’s Office introduced a new emergency preparedness campaign known as Listos California. The campaign is led by the Office of Emergency Services (CAL OES) and California Volunteers to make sure our most vulnerable communities - those who are socially isolated, low-income, disabled or have language barriers - will have a plan for themselves and their families in the event of a disaster.

With $2.1 million in state funding, IECF awarded grants to community-based organizations providing emergency preparedness education and resources to at-risk populations in Riverside County. IECF was a part of a statewide network of community-based organizations in 24 counties designated to provide emergency preparedness education and outreach as part of the Listos Campaign. Learn more at listoscalsifornia.org

AWARDED $574,205 TO 24 ORGS

to engage targeted populations through trainings and community education activities.

Listos grantees: Big Brothers Big Sisters of the Inland Empire, Council on American-Islamic Relations, Pueblo Unido Community Development Corporation, Coachella Valley Disaster Preparedness Network, Reach Out West End, Inc., Sigma Beta Xi, Inc., Coachella Valley Housing Coalition, Community Access Center, American Red Cross, Riverside County, Nehemiah Charitable Fund, Autism Society Inland Empire, Michelle’s Place Cancer Resource Center, The Carolyn E. Wylie Center, TODEC Legal Center, VIA Immigration Advocacy Group, Fair Housing Council of Riverside County, Life Lifters International, Habitat for Humanity Inland Valley, Feeding America Riverside/San Bernardino, Catholic Charities Riverside/San Bernardino and Boys & Girls Club of Southwest County

IEGO: Creating Good Jobs and Vibrant Communities

Called Inland Growth and Economic Opportunity (IEGO), this important initiative connects like-minded individuals and institutions dedicated to growing the Inland Empire’s economy by creating new, sustainable middle-income employment opportunities and ensuring that no one is left behind when it comes to the training and preparation necessary to fill those jobs.

As IEGO moves into implementation, its partners will prioritize investment in sectors that provide pathways to good jobs for workers without a four-year college degree. Based on a number of factors—including the IE’s role as a national leader in logistics—IEGO sees the potential for growing jobs in logistics, advancing manufacturing and accelerating growth of emerging industries such as cybersecurity/TI and green tech.

Supported by Jobs for the Future (project manager); the Brookings Institution, and the Inland Empire Community Foundation, IEGO is expanding its diverse table of partners, creating a place where businesses, economic developers, higher education, public sector agencies, community-based and environmental organizations, Labor, and more, can learn, plan and collaborate.

Today, IEGO is supporting teams to begin aligning cross-sector efforts and maximizing the assets of the IE for good jobs, strong businesses, and vibrant communities. This first-of-its-kind collaboration was funded in part by the James Irvine Foundation. Learn more at inlandgrowth.org.

Youth Grantmakers Program Turns 10!

2019 marked the 10th anniversary of the Youth Grantmakers (YG) Program at IECF! In the past 10 years the program’s come a long way and has seen countless youth step up to serve, lead and impact their community through funding grants to nonprofits in the Inland Empire.

The YG program, which began with 21 students in Riverside, is dedicated to teaching the tradition of philanthropy and community involvement to youth in the region. More specifically, over the course of nine months students learn to read and analyze a grant application, respectfully debate the most critical needs, and prioritize the many worthwhile requests.

As the program grew in funding, YG expanded in to San Bernardino, Coachella Valley and Temecula. From awarding grants and volunteering in the community to attending youth conferences and being recognized by civic leaders, YG’s milestones are significant and a proud moment for students and donors alike.

“My participation in YG has made me a better leader in my home, school, and community. I learned the basics of philanthropy and grantmaking, and had the opportunity to work alongside individuals from different...
backgrounds to identify problems and solutions to issues that teens are facing today. I can happily say that YG has changed my life for the better.”

-Ashton Authement, YG Riverside

In honor of this special milestone, over 350 attendees joined IECF for the Youth Grantmakers 10th Anniversary Celebration & Recognition Ceremony at the Riverside Convention Center. It was also the first time in YG’s history that all four programs in Riverside, San Bernardino, Coachella Valley, and Temecula were present together.

So much of their progress would not be possible without the support of our donors and corporate partners. Together we will continue making YG even stronger and preparing IE youth to be the civic leaders of tomorrow. Learn more about YG at iegives.org/youthgrantmakers.

Graduate Success: Thriving IE Students

Four years in partnership with College Futures Foundation, IECF is proud of our work together to improve college graduation rates for low-income and underrepresented students in the region.

In 2019, the Graduate Success Program at IECF received its final round of funding from College Futures. The funding was used to award needs-based scholarships to students who demonstrate financial need and a strong desire to succeed at the college level. To deepen our reach, IECF formed a network of scholarship organizations to disburse funds to eligible students in the communities they serve. Also important to IECF were the built-in resources these organizations offered - from mentoring opportunities to organizing college tours. Helping IECF in this work were the following organizations: AVID, BLU Educational Foundation, Promise Scholars, Making Hope Happen Foundation, and Upward Bound (California State University, San Bernardino).

Through our network of scholarship partners, a total of $275,000 in needs-based scholarships were given to IE students during the 2019-20 academic school year.

HOW YOU CAN HELP THE IE

You can support your favorite cause, charity or nonprofit organization through a gift to Inland Empire Community Foundation – now or later. You can also contribute to an existing fund at IECF.

Ways to Give Now

IECF is able to accept a wide array of assets as contributions to a fund. Because IECF is a 501(c)(3) public-benefit nonprofit charity, donors will receive the most valuable tax benefits available under the law. Ways you can make an outright gift today include:

- Cash
- Securities (stocks and bonds)
- Real Estate
- IRA Rollover
- Intangible / Intellectual property
- Oil, Gas, and Mineral Interests
- Remainder Interests in Property

Ways to Give Later

Including IECF in your estate plan allows you to leave a legacy for future generations. Through our proven stewardship, even a modest bequest can grow into a significant amount over time.

We are also able to accept an array of assets that will benefit the cause, charity, nonprofit organization, fund or Inland Empire Community Foundation later, using planned giving vehicles. We work closely with you and your attorney or financial advisor to ensure that all the details are in place so that your charitable intent is fulfilled. Planned Giving vehicles include:

- Bequests in your will or trust
- Charitable Gift Annuities
- Charitable Remainder Trusts
- Life Insurance
- Retirement Plan Beneficiary Designations

Whether you choose to give now or make plans now to give later, your generous gift will grow each year through the power of an endowment, and will generate grants to the causes or communities you care about the most into perpetuity.

If you would like to make an impact in our community for generations to come, consider a gift to Inland Empire Community Foundation. We will help you and your advisor(s) design a strategy of giving now or later that fulfills your charitable goals while also addressing your financial, tax and estate planning needs.

To learn about the different ways to give and charitable planning strategies, contact the Charitable Giving Team at 951.241.7777.
"I find great joy in collaborating and dreaming with others to find a path of contentment."

- Judy Takano

GROWING GIVING

With our ever growing community of donors, IECF strives to make it possible for every contribution and every person driven by a passion for a cause or issue in their community to strengthen the Inland Empire through philanthropy. Here are a few individuals who are leading the way for giving in the Inland Empire.

Judy Takano and Teresa Taylor are both educators with a big heart for IE students. They previously taught at Chaffey College where they decided to start an institution to help students through vocational and certificate programs. Through their vision and hard work, they co-founded Career Institute, a for-profit organization that specializes in career, education and life planning for young adults.

With their vision of helping others, in 1999 and in 2016 Teresa and Judy opened two funds at IECF. The first fund was the Career Educational and Advancement Donor Advised Fund created to provide scholarships to students attending the Success Institute in Rancho Cucamonga, a non-profit organization that the two women started in 2007. The Institute provides programming that prepares young adults, ages 18-24, in San Bernardino County for success in stable and rewarding careers. The second fund they established was The Education, Careers and Life Planning Donor Advised Fund (DAF) to help pay for programs and services benefiting young adults in the region. Under the Foundation’s stewardship, more than $14,000 in scholarships were awarded in 2019.

No strangers to philanthropy, Judy and Teresa branched out recently to create their own family funds at IECF. Judy opened the Takano Family Fund because she finds “great joy in collaborating and dreaming with others to find a path of contentment” and desires to model philanthropy for her family to carry on. Teresa established the Taylor Family Foundation Fund, which supports transportation needs of refugees who arrive in the community with limited resources. Through the fund, they’ve donated 20 used cars to refugees and their families.

Both women continue to be passionate supporters of education and have directed their giving in ways that help young adults in San Bernardino County pursue opportunities for learning and growth leading to enriching and meaningful careers.

One of the largest Donor Advised Funds (DAF) at IECF, is the S.L. Gimbel Foundation Advised Fund which was established in 2010 to support nonprofit organizations locally as well as nationally on a variety of charitable purposes.

During the year the Fund awarded $3.9 million in grants through a number of grant cycles. In one of their 2019 grant cycles, the S.L. Gimbel Fund awarded $335,460 to 11 nonprofit organizations. Two of the 11 organizations were located in the Inland Empire: Girl Scouts of San Gorgonio Council and Olive Crest.

"Because of the generosity of the S.L. Gimbel Fund, youth from low-income families are able to participate in the Skyland Ranch Environmental Education Program," said Cynthia Breunig, President and CEO of Girl Scouts of San Gorgonio Council.

"Through this program, these young people become invested in the natural environment and learn team-building and problem-solving skills. Students with this skill set mature into the community leaders and environmental advocates necessary for success and sustainability in the future."

IECF RECEIVES $1 MILLION GIFT FOR NEW FUND

In April of 2019, the City of Lake Elsinore opened the Carl Graves Endowment Scholarship Fund at IECF with a gift of $1 million through a bequest to the City from former City Treasurer Carl Graves. The new fund provides scholarships to needy and deserving graduating seniors of Lake Elsinore Unified School District who plan to attend a four-year college or technical school.

Following the opening of the new fund, four students received a total of $20,000 in scholarships!

The scholarship fund offers three four-year scholarships of approximately $4,000 and one four-year scholarship of $6,000 for a college ROTC candidate to be awarded in the spring and disbursed in the fall of each year. Each Carl Graves’ Scholar will each have a local mentor who will aid and assist the student throughout their education.

The Carl Graves Endowment Scholarship Fund is named in honor of Carl Graves, who served as the City Treasurer of Lake Elsinore. Graves was a United States Army World War II Veteran and a mathematics teacher at various high schools in Southern California, including Lake Elsinore High School.

"This scholarship fund reaches students who have barriers to education, which makes it one of the most potent ways we can ensure Lake Elsinore thrives in years to come."

- Michelle Decker, CEO

GROWING LEGACY

AS YOU CREATE YOUR ESTATE PLAN, YOU CAN LEAVE A LEGACY FOR FUTURE GENERATIONS BY INCLUDING THE INLAND EMPIRE COMMUNITY FOUNDATION AS A CHARITABLE BENEFICIARY. WHEN YOU CREATE AN ENDOWED FUND AT THE FOUNDATION THROUGH YOUR ESTATE, YOU CAN SUPPORT THE CAUSES THAT YOU ARE PASSIONATE ABOUT AND HELP ENSURE YOUR LEGACY. EVEN A MODEST BEQUEST WILL GROW, UNDER OUR STEWARDSHIP, INTO A SIGNIFICANT AMOUNT OVER TIME.

Jane Lykkeia Hoff is one example of a true legacy. This Palm Springs pioneer, who just celebrated her 100th birthday, is considered a bit of a legend. Jane is known as a gifted horsewoman and an advocate of western art. Jane was the first female president of the Los Compadres Club, a riding club of local horseback riders in the mid-1960s. In the 1970s, she headed up two riding clubs, the most well-known was the prestigious "Desert Riders." Many business leaders, Hollywood celebrities and socialites from all over sought to ride on the horse trails with her.

After many years of riding, Jane turned her attention to various community causes and is a long-time supporter of the Palm Springs Art Museum and the Palm Springs Historical Society.

In 2018 Jane decided that she wanted to create a method of lasting support for her community. IECF was honored to be chosen to create a Charitable Gift Annuity (CGA) to benefit the College of the Desert.

Upon her death, Jane has instructed that 100% of the remainder in the CGA be used to establish the Jane Hoff College of the Desert (COD) Fund to support their Desert Veterans Scholarship and Nursing Program in perpetuity. Further, Jane also made provisions to include a gift to IECF in her estate plan that would establish an endowed fund benefiting various charities in Coachella Valley.

As a member of the Brouse Legacy Society, Jane is leaving a lasting legacy that will support the ever-growing needs of Coachella Valley and future generations. IECF is proud to play a role in assisting Jane in creating these lasting gifts to the community that she cares so much about.

For more information on creating your own legacy, contact Jose A. Marquez, Director of Planned Giving at jmarquez@iegives.org or call 951.241.7777.

When professional advisors, such as an estate planning attorney, financial advisor or CPA, partners with IECF they are helping to grow the region’s long-term assets and philanthropic impact. Specifically, professional advisors play a vital role in referring or connecting their clients to IECF who are interested in supporting nonprofits or a cause or issue they care about. If their client establishes a fund at the Foundation, or the professional advisor themselves open a fund in their own name or in the name of their family, they become a “Champion” of philanthropy, and become a member of IECF’s Professional Advisors Champions Program. Today, IECF counts 36 professional advisors as champions.

This year IECF recognizes J. Sergio Bohon. Now serving as Board Chair, Sergio has been a board member of the Inland Empire Community Foundation for over six years. He is currently Senior Vice President and Senior Financial Advisor at Wells Fargo Advisors and has been in the financial services industry for over 30 years, managing assets for individuals, trusts, charitable organizations and businesses.

Just as philanthropy is important to the clients Sergio manages, he too has a passion for creating change in our community. In 2013, Sergio and his wife, Christie, decided to open the Bohon Family Community Fund at IECF. The fund is for broad and general charitable uses and engages his young daughters on giving back together.

“Instilling the principles of humanity and kindness, and modeling that for my family are important to me,” said Sergio. Immigrating from Mexico to El Monte, he was exposed to other less fortunate families that struggled with poverty and the challenges of neighborhoods and communities that did not effectively support the opportunities for upward mobility.

Annually, Sergio and Christie gift shares of appreciated stock to support and build the fund. By transferring appreciated stocks to IECF, they avoid the capital gains tax and receive a charitable tax deduction. They selected IECF to open the fund because the organization provides community leadership, understands the needs for and provides guidance in allocating resources.

Over the years Sergio has volunteered his time as a pilot for Angel Flight West and rescue dog transportation. He has sat as an active board member of the Mary S. Roberts Pet Adoption Center and Riverside Philharmonic, and participates in mentorship programs benefiting Hispanic young professionals. Among his other charitable activities, Sergio and members of his extended family started a scholarship fund at Chaffey College to assist DACA students in need.

Sergio holds a bachelor’s degree from Cal Poly Pomona and a master’s from the College of Financial Planning, earning him the designation of Certified Financial Planner (CFP®).

For more information on how we partner with professional advisors or to inform us of a planned gift to the Foundation, please contact Jose A. Marquez, Director of Planned Giving at jmarquez@iegives.org or call 951-241-7777.
GROWING IECF

As the Inland Empire Community Foundation grows, so does the grantmaking for IE nonprofits and the positive return their work brings to the region. Every day, nonprofits are working to improve the lives of residents in Riverside and San Bernardino Counties, many of whom are operating on minimal budgets. They help victims of domestic violence, provide services to the elderly, and stuff backpacks with food and clothing for school-age children. They are also advocating for policy reform and social justice, leading coalitions, and campaigning against racism in our communities. With your giving, you can help the region’s most vulnerable residents receive the vital services and programs they need.

Rebranding

This year marked an exciting new chapter for the Foundation. In 2019, The Community Foundation introduced a new name and brand to support future growth and plans for moving the Foundation forward. Now known as Inland Empire Community Foundation, the Foundation hosted a “big reveal” in December surrounded by a gathering of long-time donors, supporters and friends. Unveiling our new brand came after nearly a year and a half of vital input from donors, advisors, board members, staff and community stakeholders.

Like many organizations, it was important for us to step back, reevaluate our brand, and leverage what makes the Foundation stand apart. Our refreshed brand better aligns with the Foundation’s goals to grow local giving, amplify our story, inspire collaboration and leverage resources that will enhance the quality of life for those who live here in the Inland Empire.

And our new name is a truer reflection of the region we serve. It represents a sense of place that is embraced by donors, nonprofits, companies and our young people, and communicates a powerful message that we are here in the IE – every corner of it.

From a design standpoint, our goal was to make a strong visual statement. The logo shows “ie” in lowercase to convey the Foundation as accessible, approachable and friendly. With “CF” in uppercase, it reinforces our organization as solid, established and here for the long term. The color palette is vibrant and warm, and is inspired by the mountain ranges our region is known for. The logo is also reinforced by our new tagline, “where giving grows,” which symbolizes the power of giving over time. We are building a community foundation for the Inland Empire with more intention than ever, and tackling critical issues through philanthropy. We are grateful for the generosity of our donors and look forward to all that we can do together to make our region special.

COMMUNITY IMPACT FUND

The Community Impact Fund is a fund that allows IECF the flexibility to respond to the most critical needs in the community. One of the ways IECF is responding to these needs is by investing in our region’s nonprofits. In 2019, the Foundation awarded $192,000 in grants to 21 local nonprofits. These one-year capacity building grants were made possible by the Community Impact Fund, which consists of funds that give the Foundation flexibility to support a strong and sustainable community of nonprofits. Learn more about the Community Impact Fund at iegives.org/giving.

“As a collective impact organization focused on improving people’s lives in the region through education, we couldn’t be more grateful for this Community Impact Fund grant that will be used to create consistent outreach materials so we can engage additional partners and expand programming in service of the community.”

HERE FOR GOOD FUND

For almost 80 years, IECF has served the Inland Empire by raising, stewarding, and distributing community assets, and working toward building communities that are equitable, healthy and resilient within our two-county region.

You can help ensure that IECF continues to serve and strengthen our region, and be well positioned to do good work forever through the Here for Good Fund. Specifically, your gifts will help support the Foundation’s operations, its staffing and growth.

Growing the Future

Each year, IECF provides scholarship money for every two- and four-year college and university in the region, as well as to other institutions across the country. In a community where students struggle to obtain higher education (only 13% of IE residents over age 25 have a bachelor’s degree), these funds make a tremendous difference. Of particular importance to IECF is increasing the region’s college attainment rates and leveling the playing field for first-generation and Black and Latino students, especially young men. We celebrate all our students, those of merit and those who needed a helping hand to get to and remain in college.

Justin King from Riverside is currently studying Biobehavioral Health at Penn State University. Justin attended Martin Luther King High School and is a former Youth Grantmaker. When looking for additional resources to pay for his education, he discovered what grants were available to him and applied, finding assistance through the Clarke/Schroff Scholarship Fund at IECF.

“I was ecstatic to have been chosen for an IECF scholarship,” said Justin. “Receiving this support meant that my hard work in high school did not go unrecognized and that caring people wanted to invest in my education.”

Like most students, Justin used his scholarship funds toward buying books and other college essentials. But the funds became especially beneficial when Justin was traveling from Pennsylvania to California during his first semester. Said Justin, “College is very expensive, especially if you choose to go out of state. The scholarship was very useful and helpful in paying for airfare and travel expenses.”

Justin is thriving as a student, but found the transition from high school in California to college in Pennsylvania challenging in the beginning. He dealt with everything from being homesick to adapting to the cold weather. Nevertheless, Justin was determined to successfully complete his studies his first year and is returning a sophomore at Penn State University this coming fall. Congratulations, Justin!

Fabian Sanchez who lives in Riverside is currently enrolled at USC where he is studying Mechanical Engineering. He too is a former Youth Grantmaker. Fabian was awarded the 2019 Riverside Construction Harmon/Lounsbury Scholarship for Engineering from IECF to pursue his college studies.

Fabian said the transition to college can be a hard thing to go through as an incoming freshman, but “my scholarship really lifted a lot of pressure off of me and allowed me to focus on school without worrying about loans.” In his first year, he used his scholarship funds to pay for his meal plan at USC, among other college expenses.

Now entering his second year at USC, Fabian knows what it takes to succeed in a new environment and is hopeful about his future. “I had many unforgettable experiences that would not have been possible if USC was out of my reach due to finances,” said Fabian. Well done, Fabian!

Special Note: To our graduating seniors of 2020, IECF salutes you. We know how difficult this year has been and witnessed the sacrifices you’ve had to make - from missing out on prom to graduation ceremonies without your families in the stands. Yet the Class of 2020 is resilient and will go on to inspire us all. We wish you all the success you deserve on your life journey.

BROUSE LEGACY SOCIETY

The Brouse Legacy Society recognizes individuals and couples who have made provisions in their estate plans to provide a gift to Inland Empire Community Foundation as a legacy for Inland Southern California. These gifts may take the form of bequests, naming Inland Empire Community Foundation in a will or trust, or alternatively, in a charitable remainder trust, along with gifts of life insurance or any other type of planned gift. We gratefully acknowledge these donors who have made plans to provide a planned gift in their estate for their generosity, foresight and leadership in creating an enduring legacy for Riverside and San Bernardino County.

MISSION

We inspire individuals and strengthen our community through philanthropy. We envision building a culture of philanthropy that creates a region that is vibrant, generous and equitable – with unlimited opportunities.

POSITIONING STATEMENT

For over 75 years, the Inland Empire Community Foundation has been bringing together donors, stakeholders and nonprofits and growing philanthropic resources to address our region’s most pressing needs. As a result, we come to the table with in-depth understanding of the IE and our nonprofit sector. Our extensive experience with our generous donors can make a meaningful difference – now and in the future.
