What is a Donor Advised Fund?

A Donor Advised Fund (DAF) allows you flexibility to achieve your charitable goals. It is a simple alternative to starting a family foundation and is designed for donors to be actively involved in directing how the funds are used. Through your own research or with guidance and philanthropic expertise from our staff, grants can be made to specific local, national or international nonprofit organizations.

Who should consider starting a Donor Advised Fund?

Individuals and families can establish a DAF. DAFs are great for donors who wish to be active participants in the selection of grantee recipients and want a less expensive, more convenient way to give. It can also be an alternative to a private foundation.

With a DAF, there is no organization to run and IECF handles IRS reporting and tracking of tax receipts. IECF takes care of all the administration of the fund, leaving you, your loved ones or family the time to focus on your philanthropy.
